To dedicate our yearbook is to acknowledge the people who have given their time and effort to our school to make it the very best there is. We dedicate the 73-74 "Greyhound" not to one individual, but to the entire student body of Lyman High School.

*"Happiness
adds and multiplies . . .
as we divide it with others."*

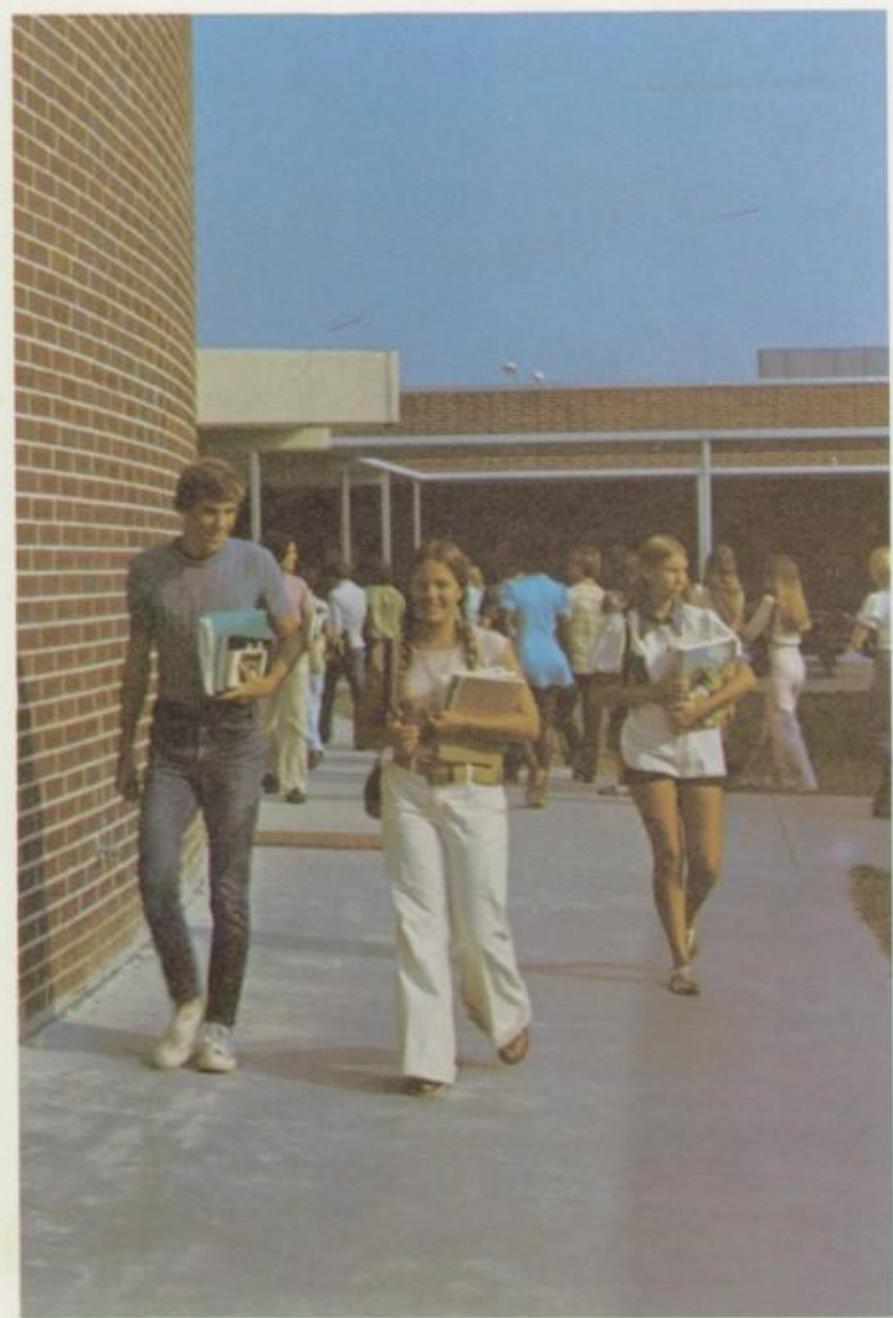

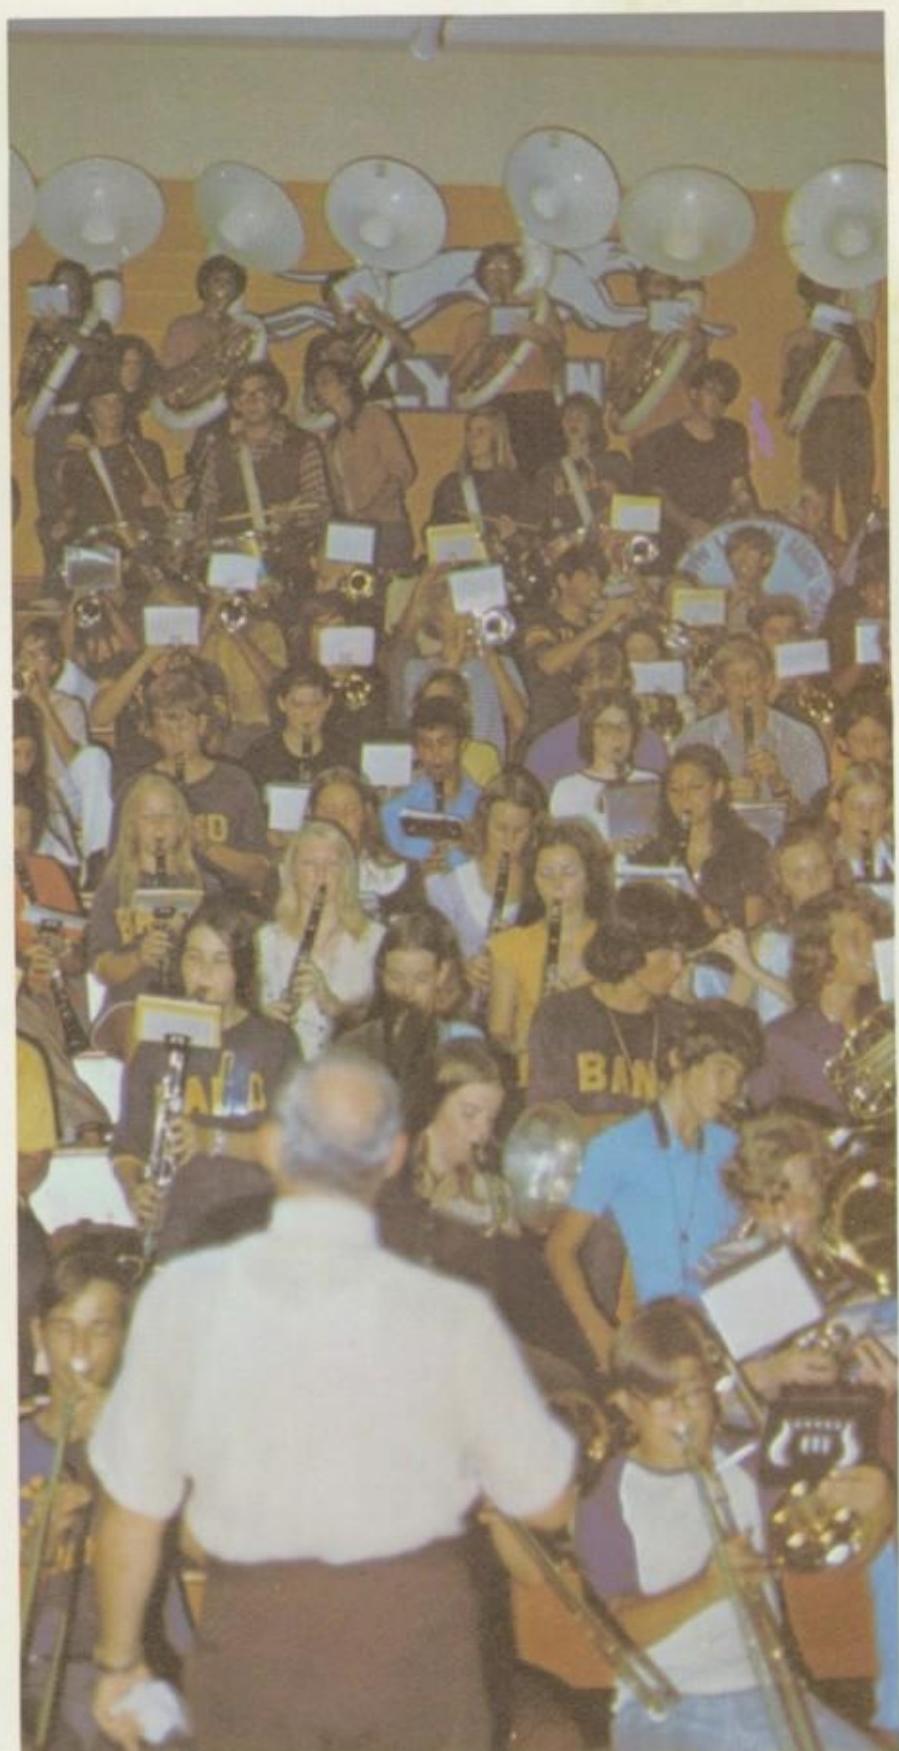

"Whatever is worth doing at all, is worth doing well."

"The only people that never make mistakes are those who never do anything."

"Practice makes perfect."

Our todays and yesterdays

are the blocks with which we build.

So warm . . .

So wonderful . . .

So welcome . . .

. . . friendship.

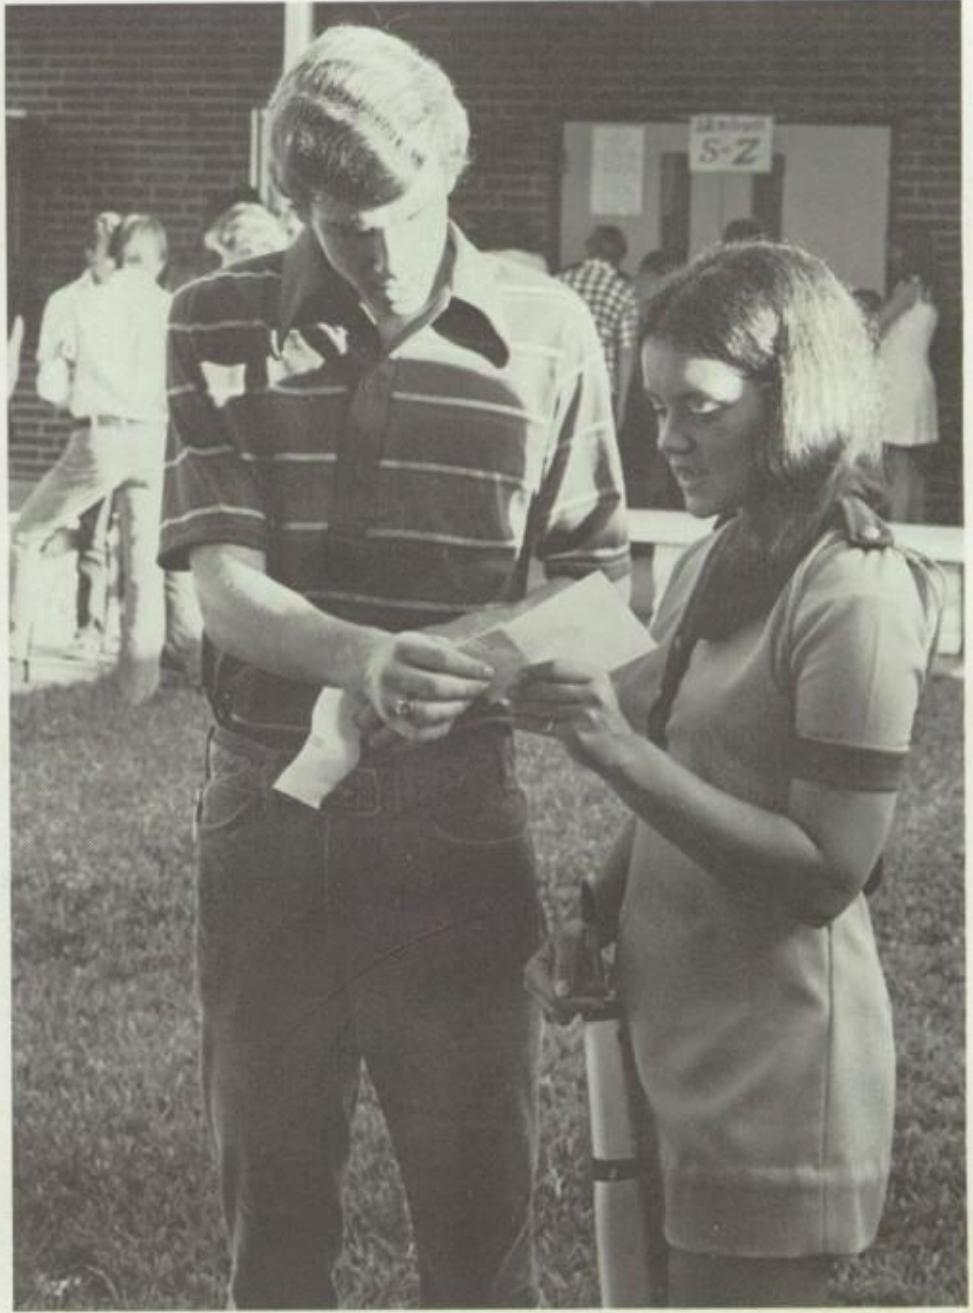

*A word is not a word
until you say it;*

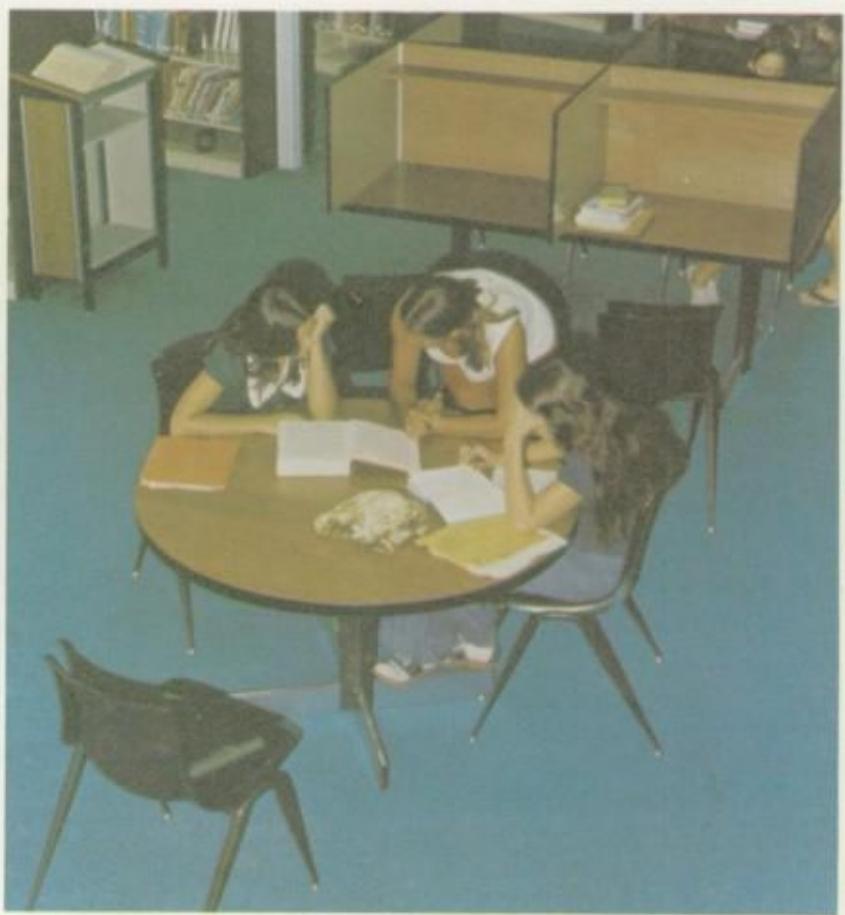

*A song is not a song
until you sing it;*

*Love in your heart
was not put there to stay,*

*Love is not Love
'till you give it away.*

Oscar & Hammerstein

"In solitude where we are least alone."

"An aim in life is the only fortune worth finding."

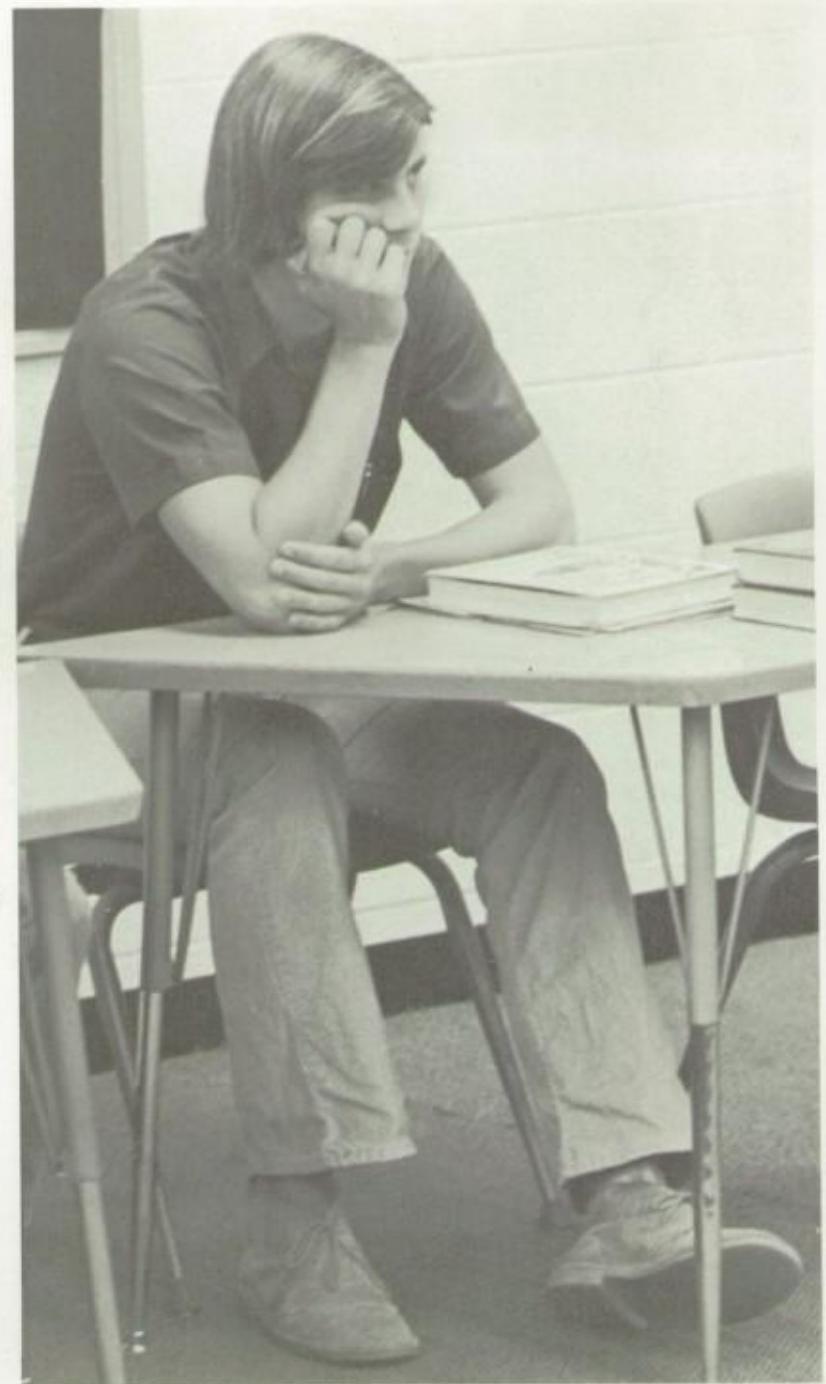

*"Grief can take care of itself,
but to get the full value of joy
you must have someone to share it with."*

Mark Twain

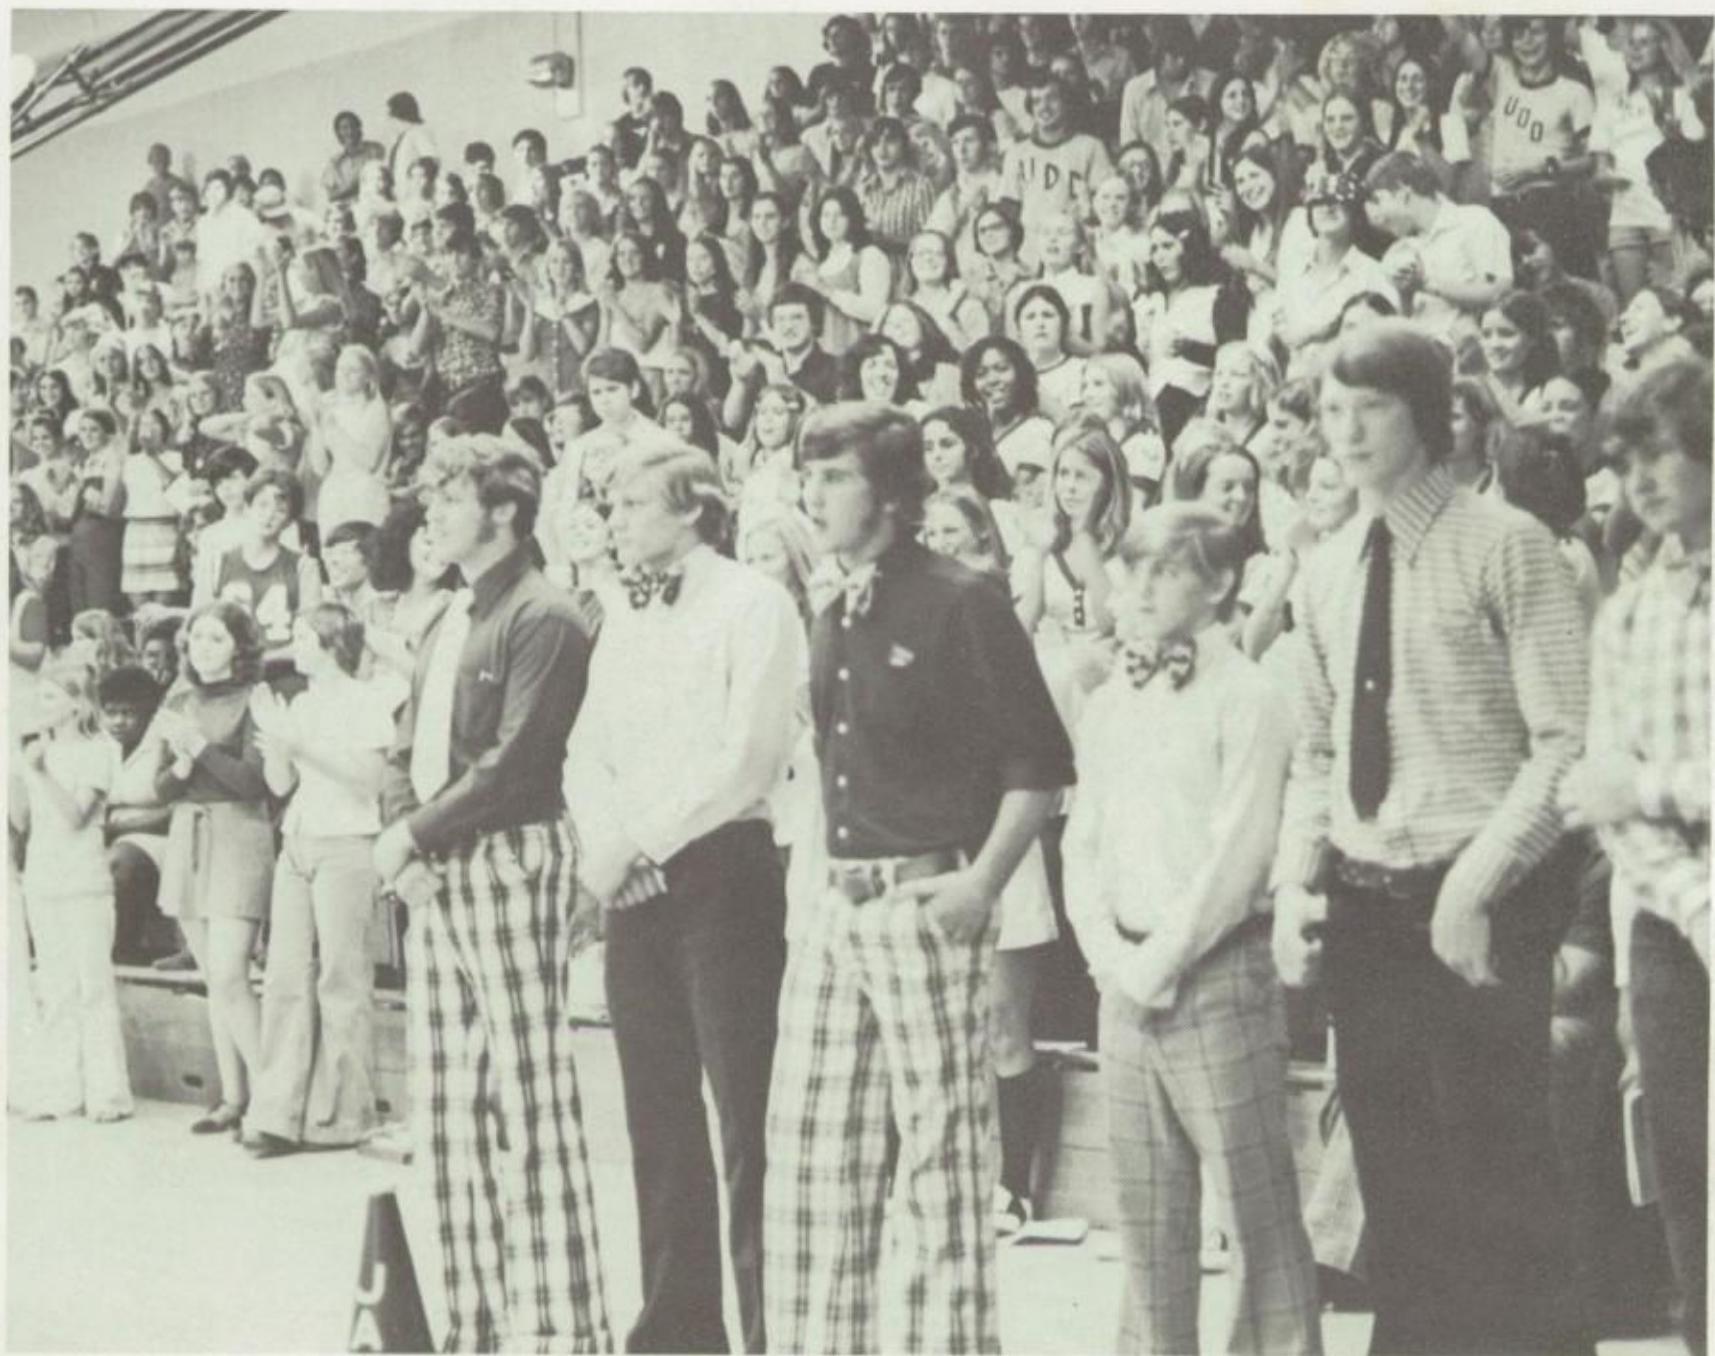

"To love is to place our happiness in the happiness of another."
Wings of Silver

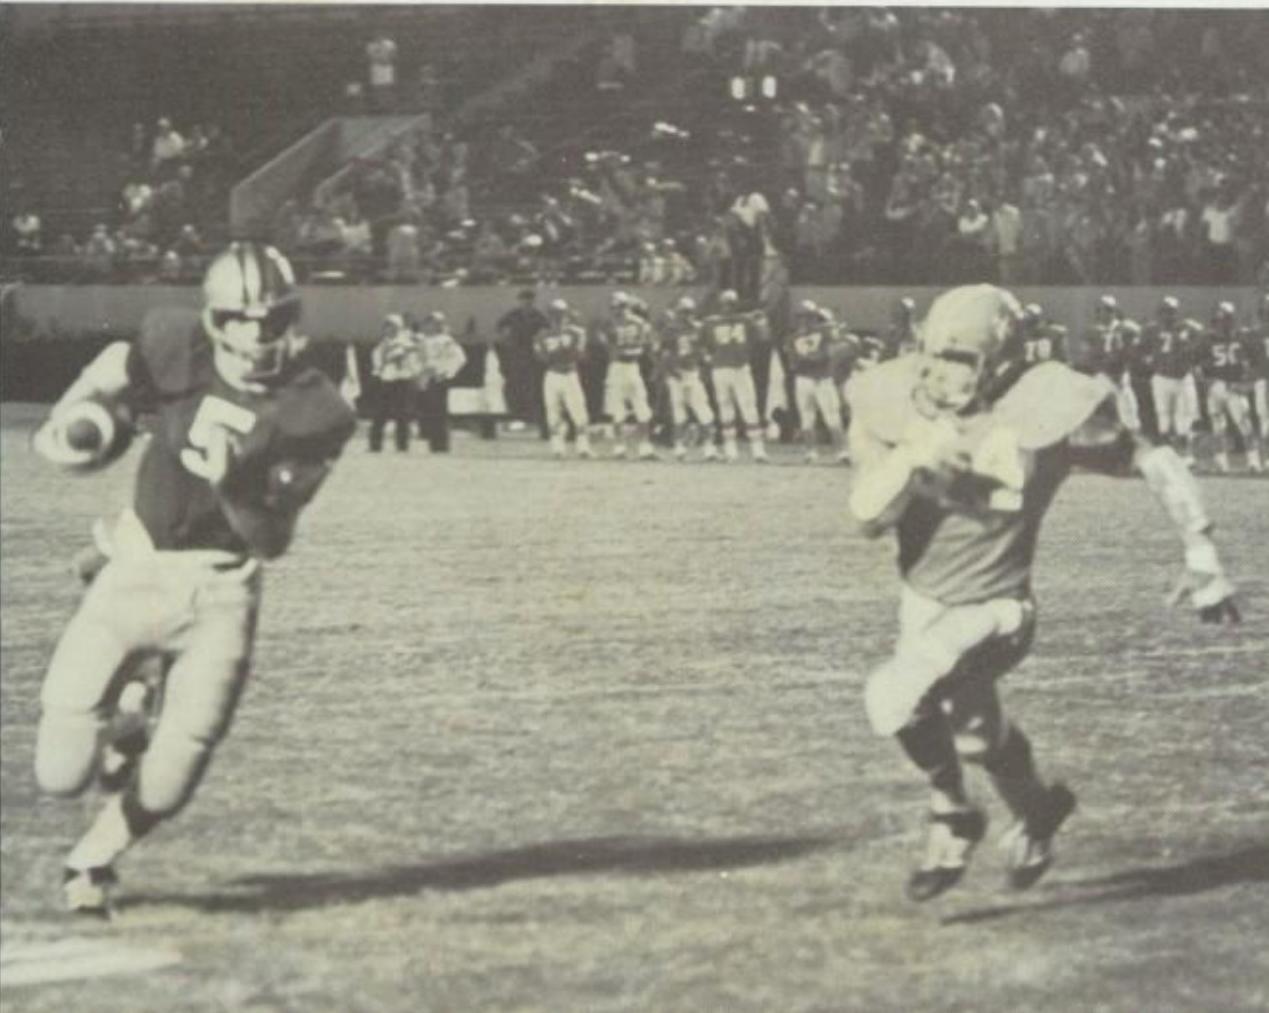

Ten more eternal minutes 'till lunch.

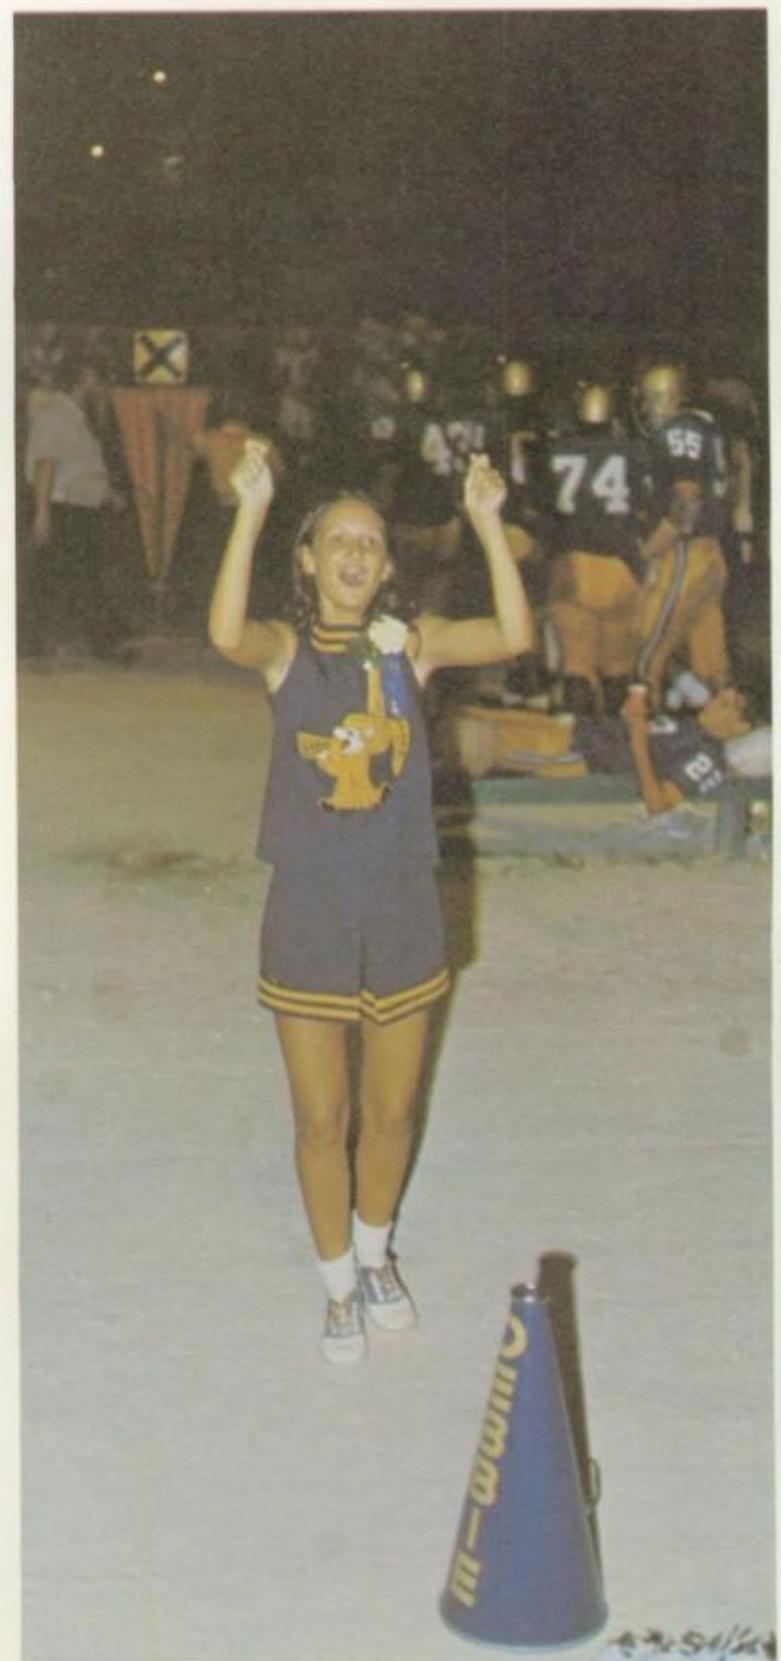

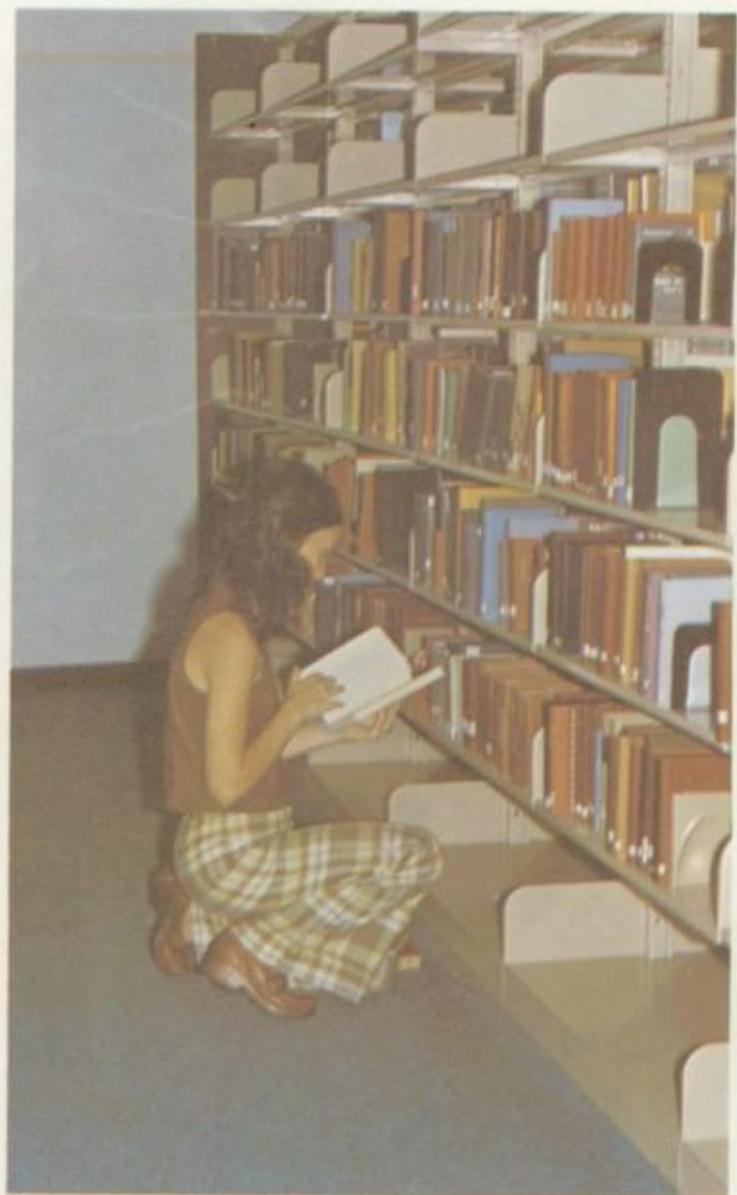

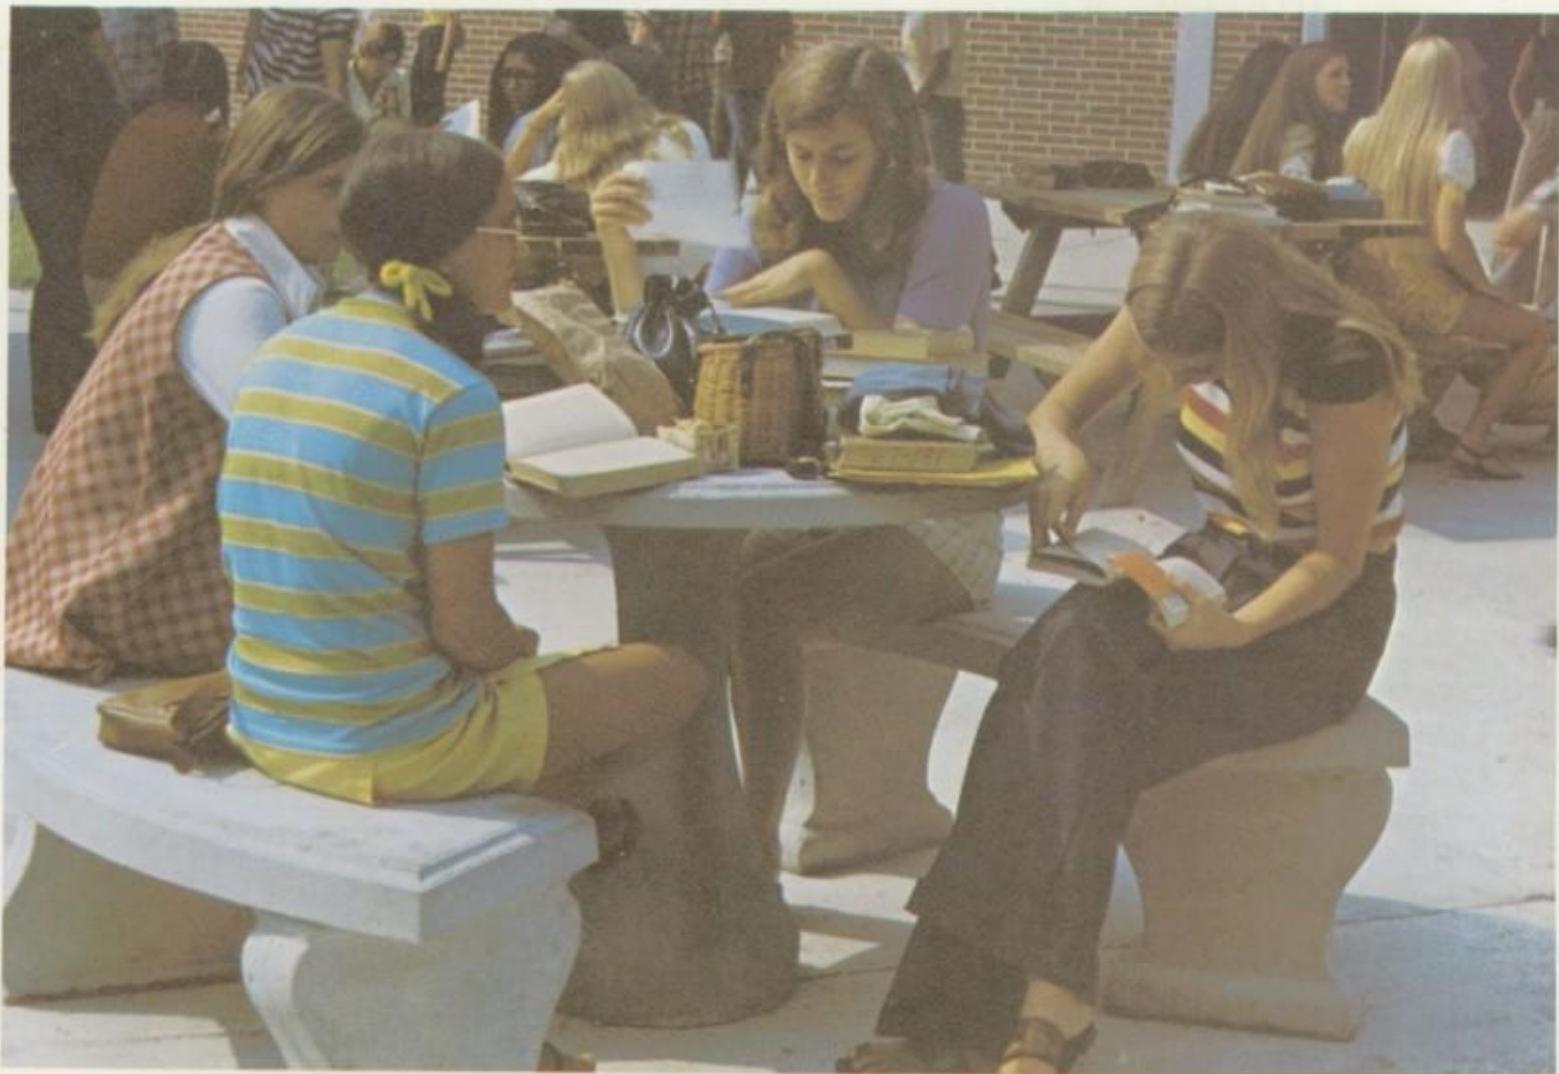

*"No one knows what he can do
till he tries."*

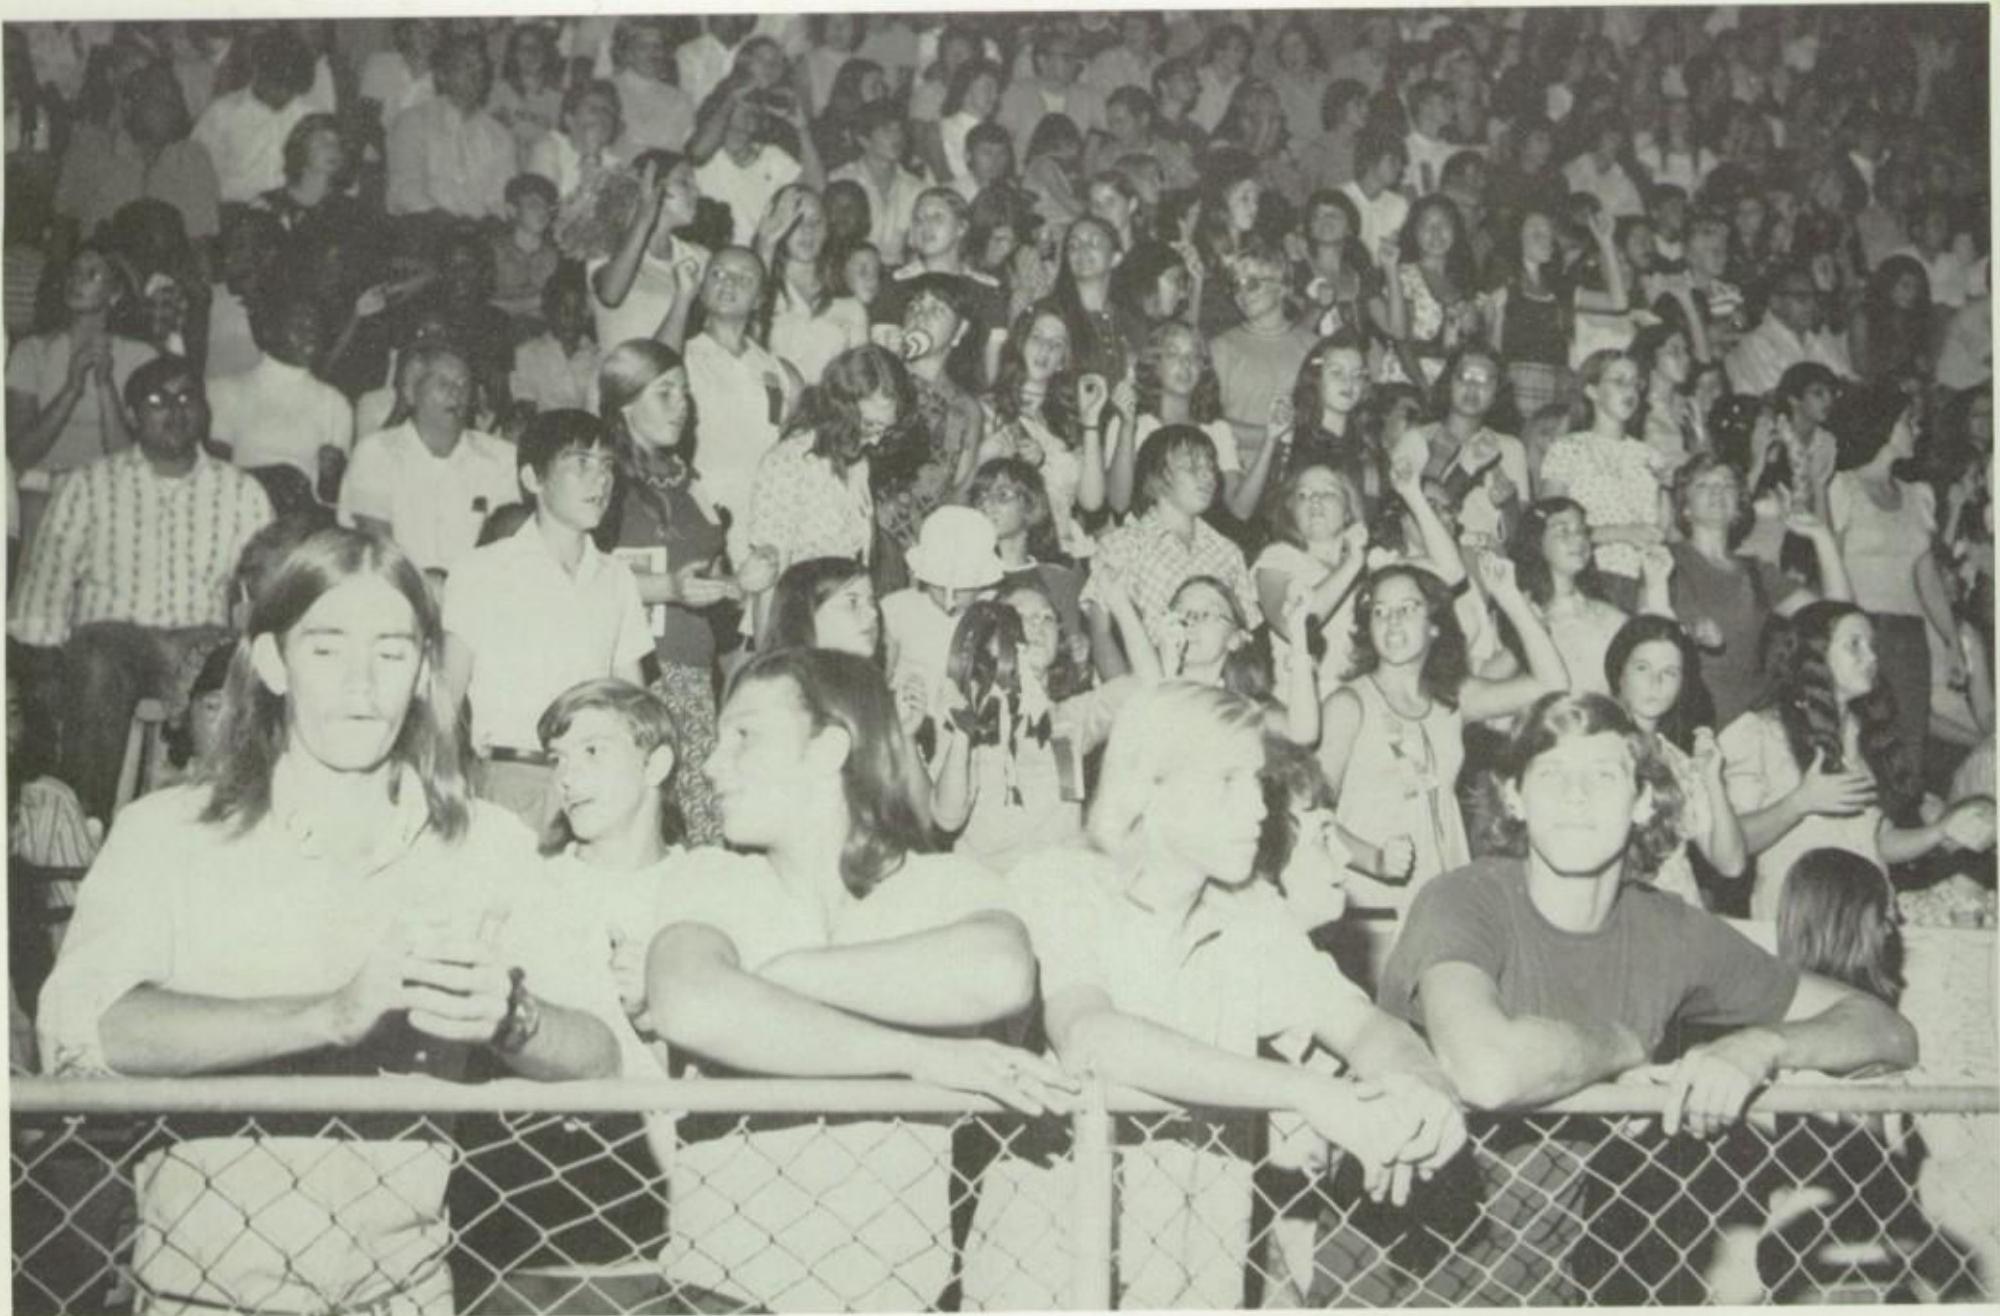

*But isn't a bad excuse better
than none at all?*

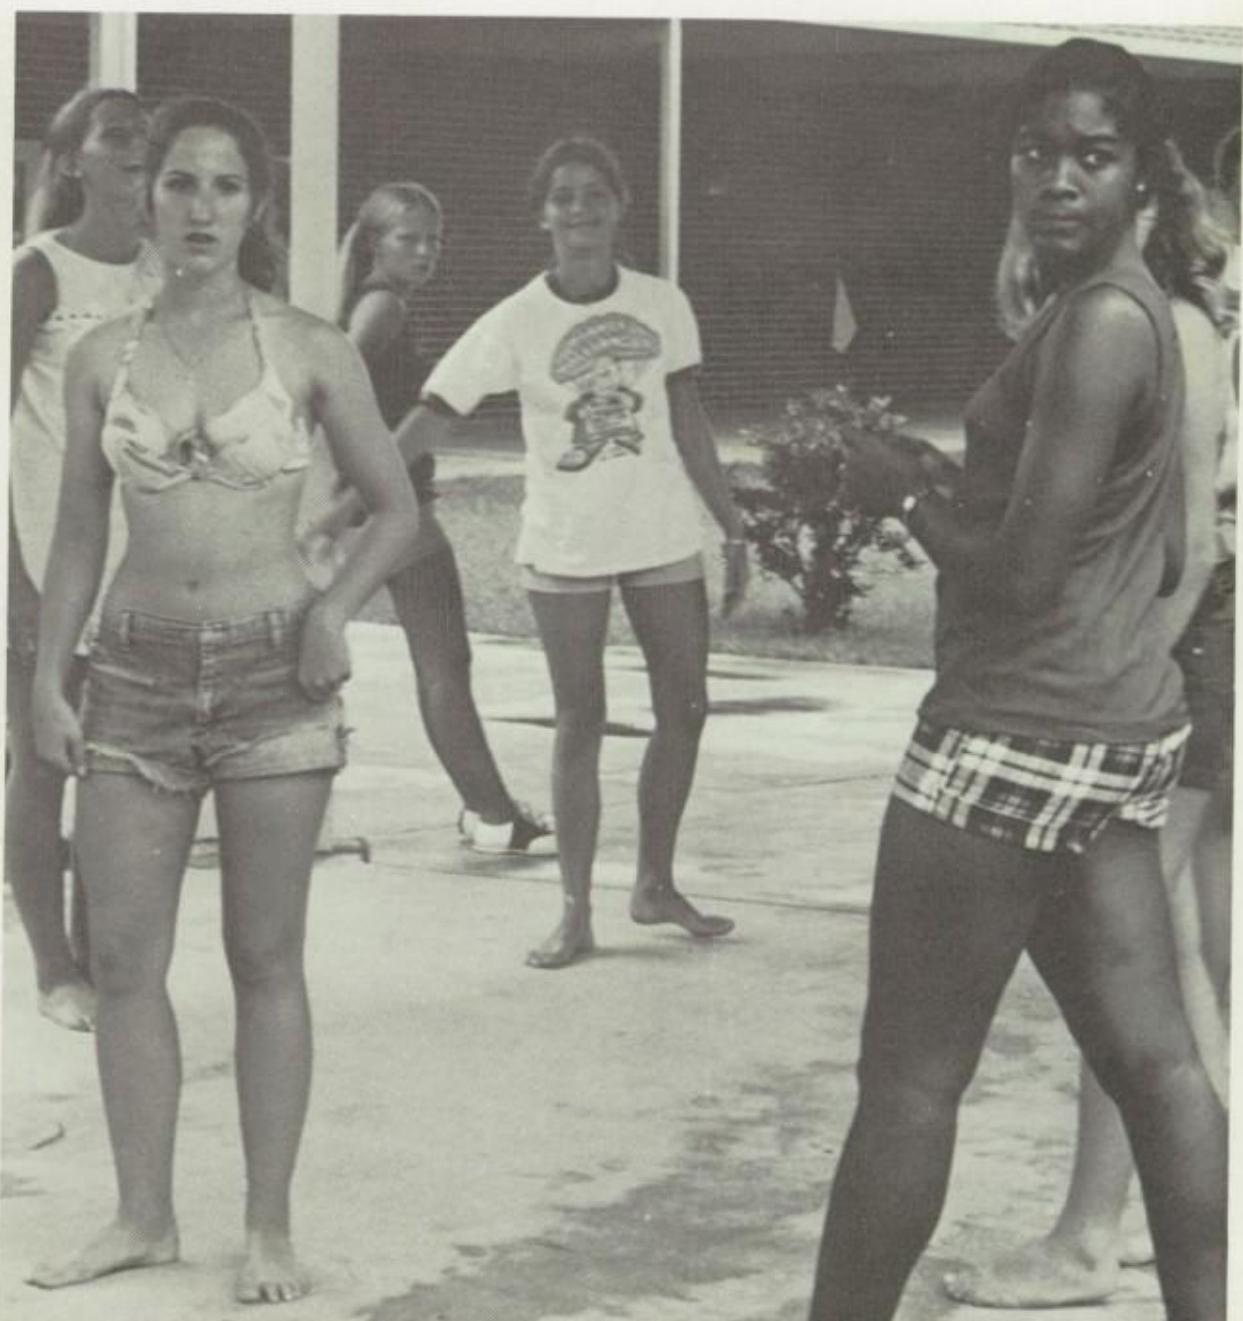

I like the haunting soul sounds of Simon and Garfunkel,
and the phizz of coke on a summer day;
I like the thud, bam, stop of helmet on helmet, and the
orange-streaked swath cut by Tom at the twenty;
I like the soft of moonlight,
and the warm of a friendly "hi";
I like the bold ring of the telephone breaking into lonely
waiting, and the shy gladness of meeting by chance;
I like after-the-game sin-offs at the youth center,
and pizza and laughing at Tony's;
I like the crunch of autumn leaves,
and moonlight on wingtips of emerald.
I like beauty and joy and hope and
friendliness and celebrating life!

Unknown

*"If I only had again the time I have lost
doing nothing worthwhile,
How much more I could have accomplished."*

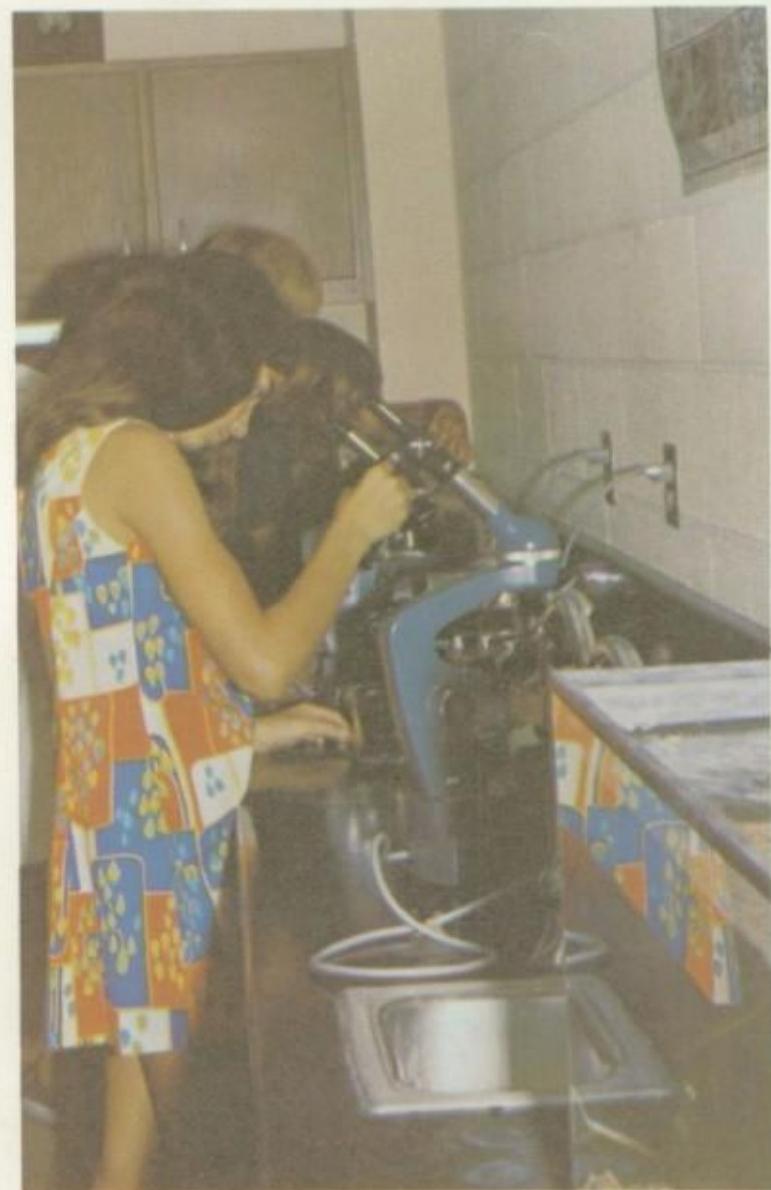

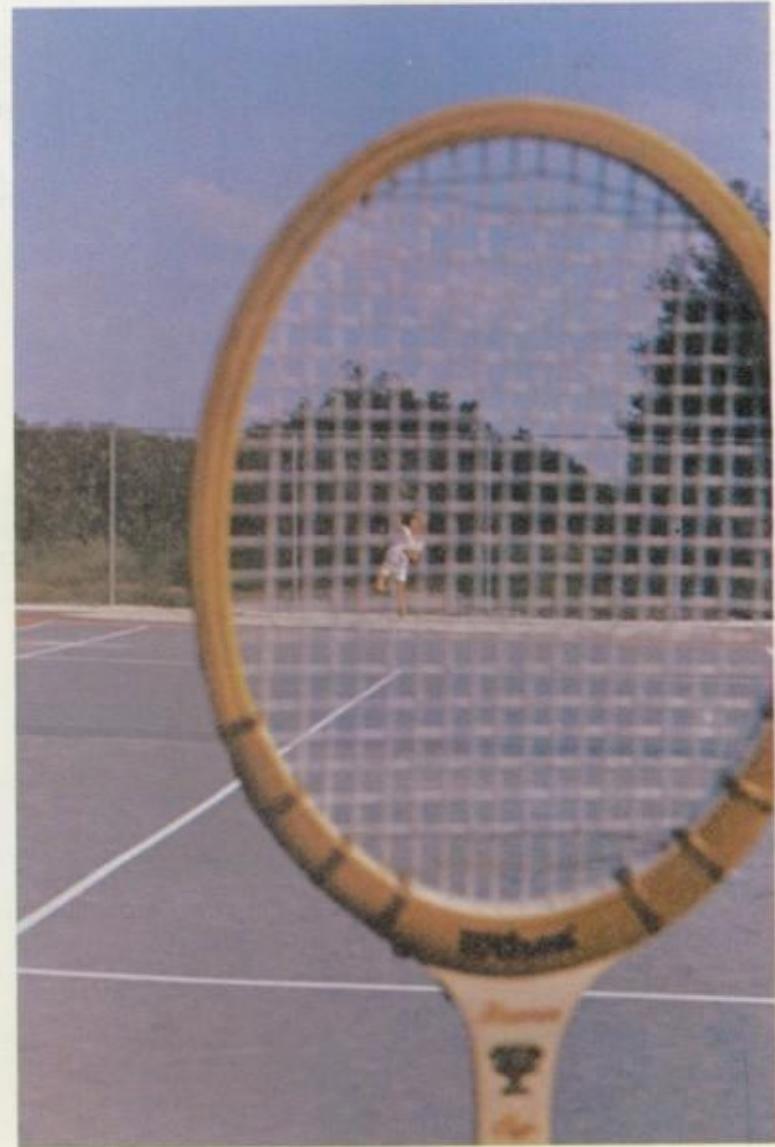

May I check your oil?

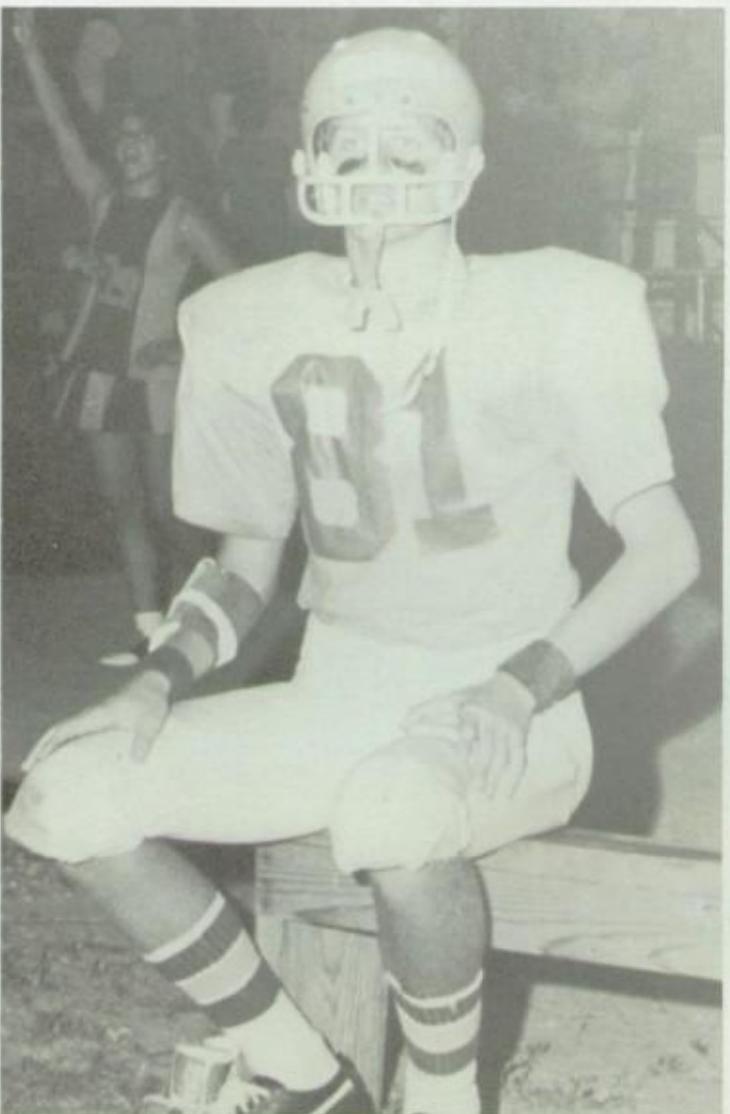

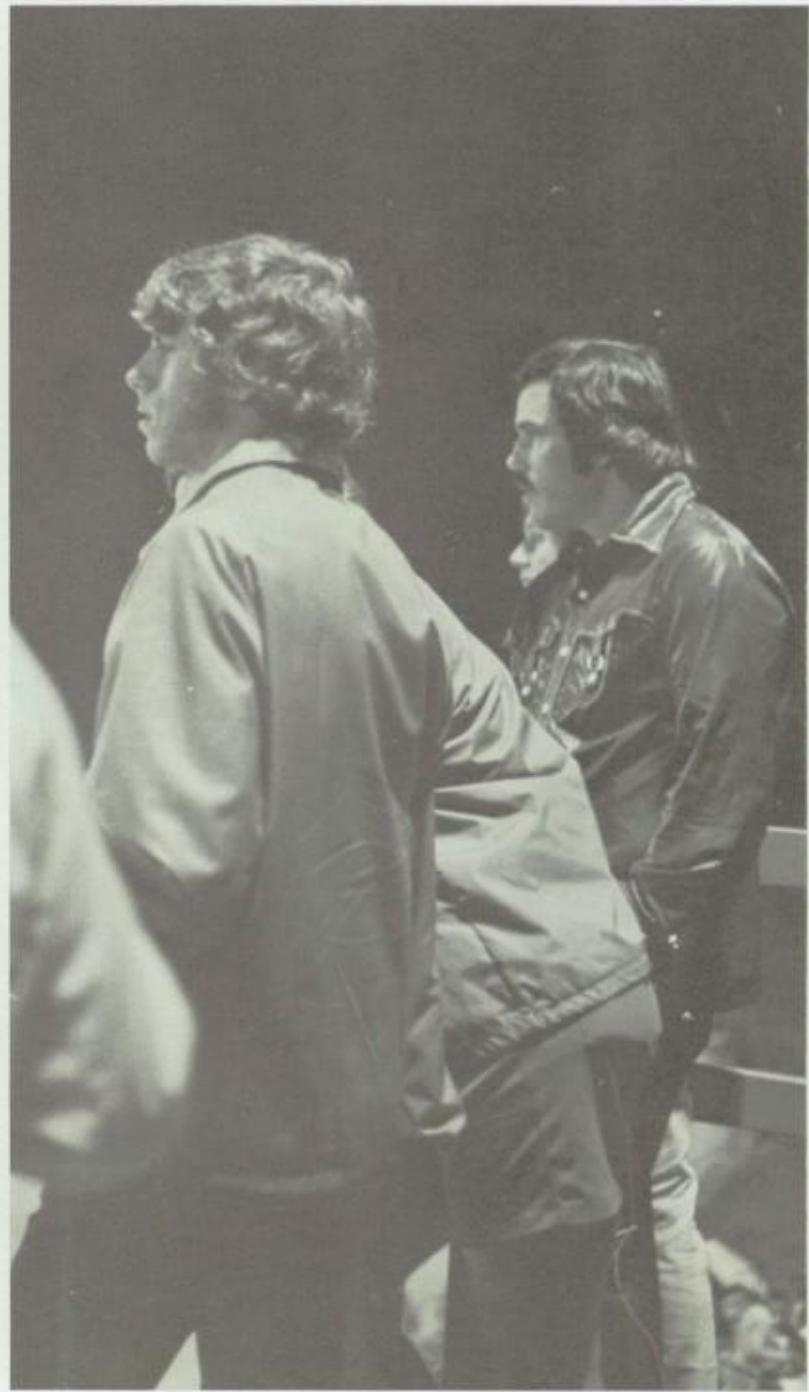

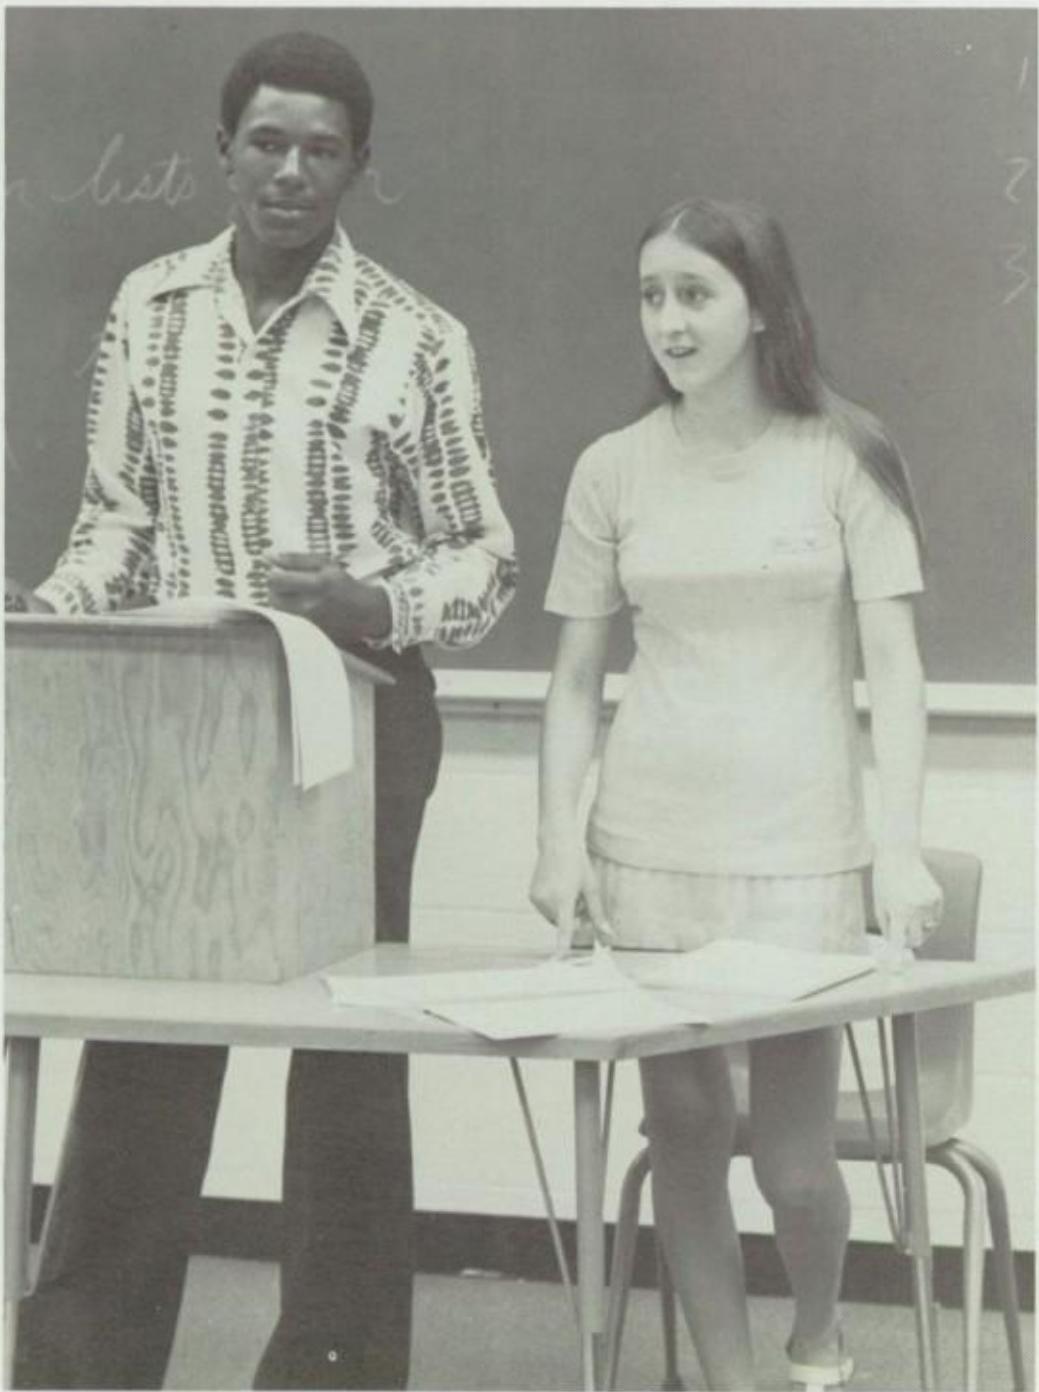

Finger lickin' good?

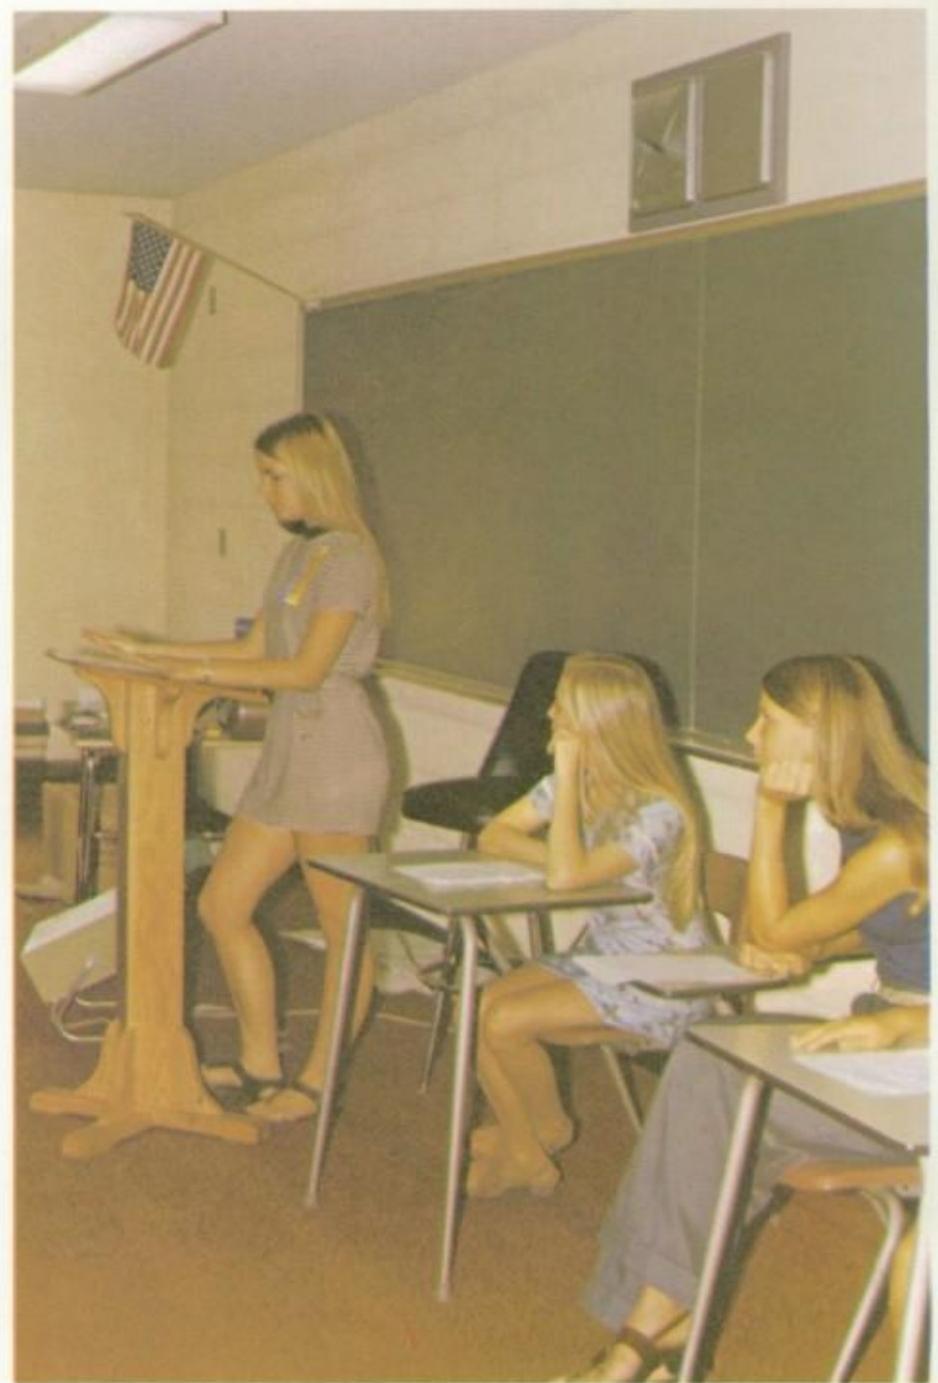

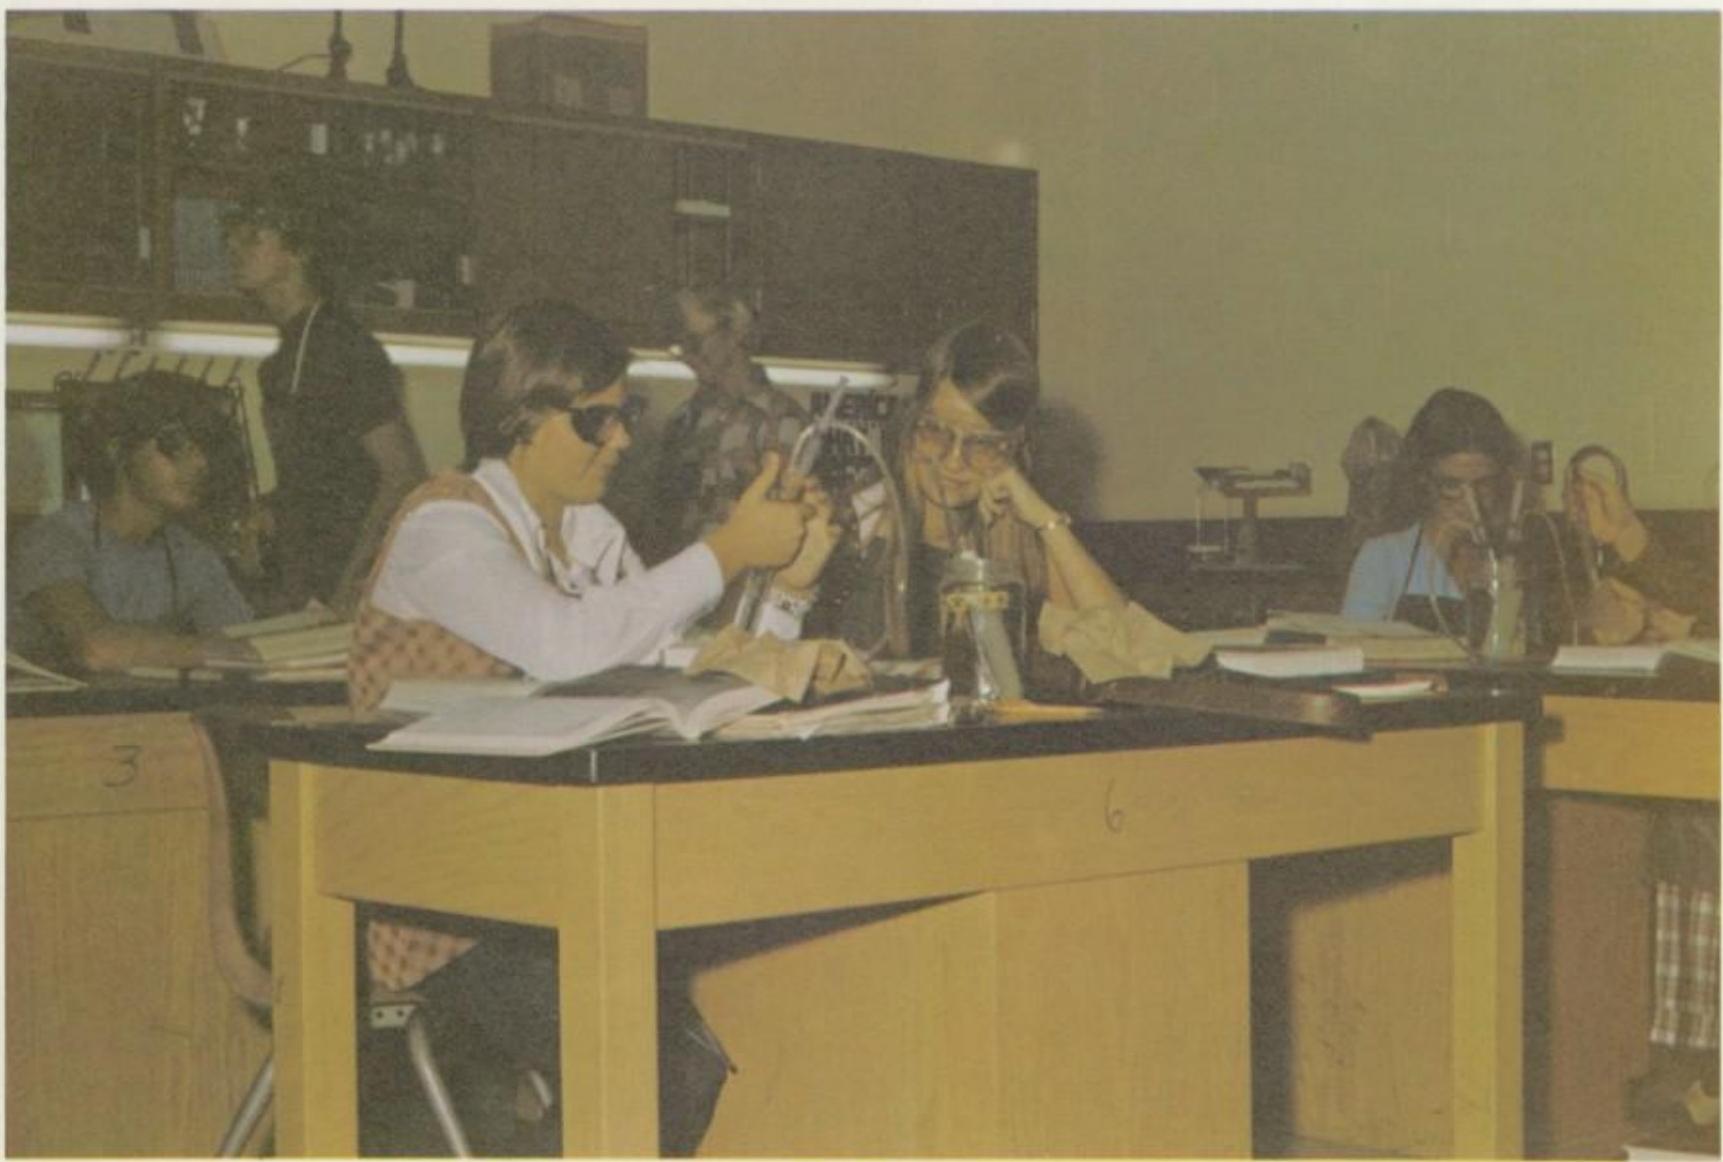

*Love's a thing that's
never out of season.*

Lyman 34

Colonial 13

Lyman began their 1973 season in style with a convincing 34-13 win over Colonial. The Grenadiers scored first, but 14 seconds later, Al Cleveland had returned the kickoff 88 yards for the touchdown. Al was destined to make two more TD's that night, one of them on a 70 yard trek.

At the beginning of the second half, Terry Travis took the kickoff 61 yards to the Colonial 30. One play later Travis took it 20 more yards for the score. Later, in the third quarter following a Colonial punt, Art Oliver took the ball 80 yards to put the Hounds ahead for good.

BOB CONSTANTINE

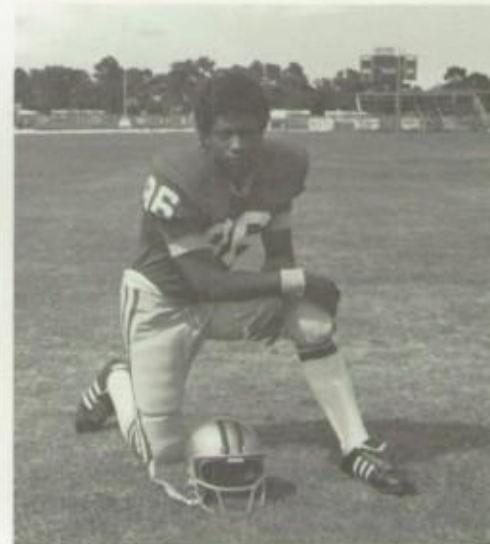

Lyman 21

The Greyhounds rolled to their second straight win, this time over Mainland. Bob Constantine threw for 238 yards and 2 TD's with Tom Gooch and Matt Leslie as key receivers, making 111 and 120 yards respectively. Leslie also punted the Bucs back to their own 25, 13, 02, and 01 yard lines. Lyman's defense picked up from there, as hard tackles brought four fumble recoveries and Al Latimer pulled in two interceptions.

Following the Bucs only score, Lyman moved the ball 74 yards in 4 plays, the score coming when Gooch took the ball in from 44 yards out. After exchanging punts in the third period, Raleigh Blake made it 13-7 capping an 8 play 64 yard drive. In the fourth quarter, the Hounds found themselves on their own 27 after a Mainland punt. On the first play, Constantine hooked up with Leslie who proceeded to out run everybody for 73 yards to put the game out of reach.

TOM GOOCH

Bishop Moore 22

The Greyhounds caught fire in the second half to come from behind and defeat upset minded Bishop Moore. Lyman scored first after a 12 yard toss to Cleveland, cumulating a 7 play 58 yard drive. With only 1:45 left in the half after a Hornet score, Constantine shot four passes, the last going to Matt Leslie for 15 yards and a TD.

In the third quarter, penalties caught up with the Hounds to give the Hornets 40 "free" yards and a score. But Constantine then proved he was indeed Central Florida's No. 1 passer by throwing for two more TD's and a grand total of 297 yards for the night. Art Oliver then "iced" the game with a 38 yard field goal.

"Throughout the basketball season our team has devoted a lot of time and effort to practice. As in all sports the team works out everyday. You have to really love a sport to give up your free time to be a member of the team. We had the potential for a winning season, but many of our players were out due to injuries. Coach Steinke is one of the best coaches in the metro area and we are glad he came to Lyman this year. We are hoping that with his leadership the "Hounds" will have a more profitable season in the years to come."

MARCHING BAND

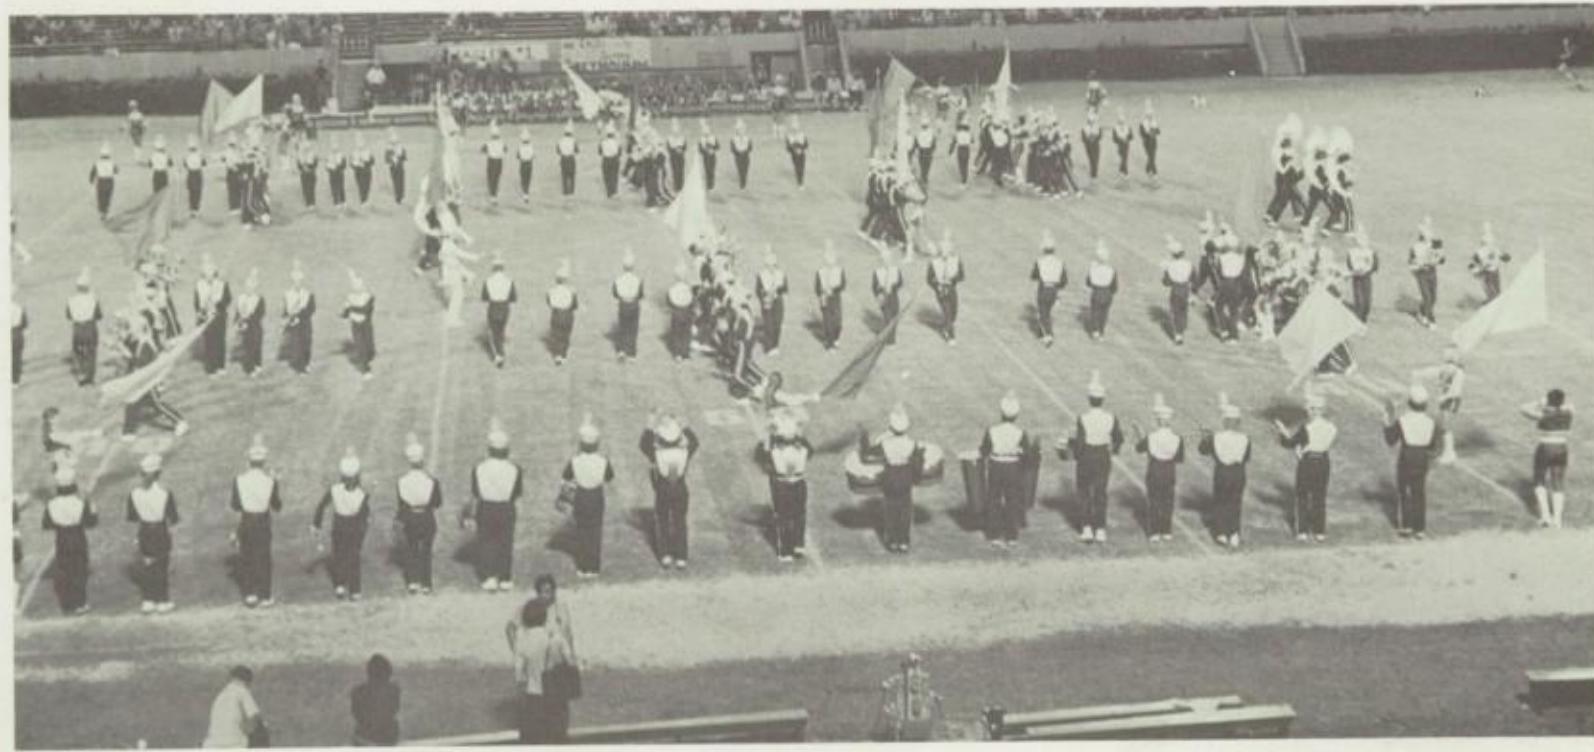

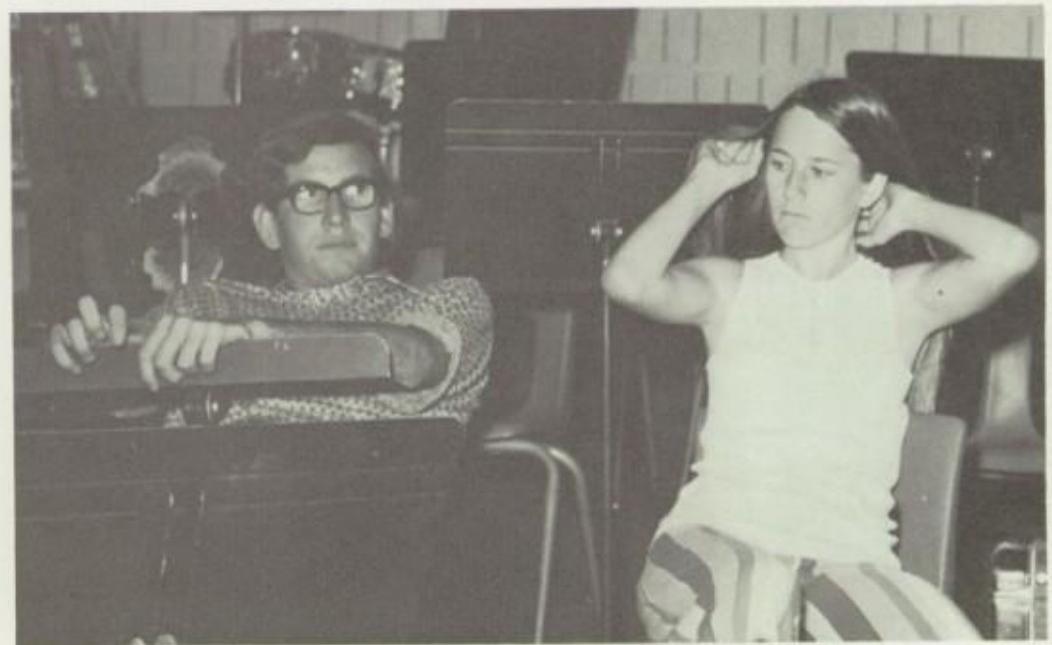

The band has been very busy this past year performing for football games and participating in various parades and contests. They received superior ratings at Marching Contest which was held at Lyman this year. The band received a great honor when they were asked to perform at the opening of Sea World. Everything went well and everyone involved had a good time.

GONE

(Dedicated to the Seniors)

All the friends I have in band
Some will soon be gone
I thought they'd always be at hand . . .
Inside I know I was wrong.

The times we had in marching
The bus rides to the games
My friends won't be by watching,
It just won't be the same.

Christmas parades with Winter Garden
Daytona Speedway Race
Those thoughts will never harden
I'll remember each friend's face.

Concert Contest next in line
I'll never forget last year
Those friends were by me at that time
Yes, now it brings back a tear.

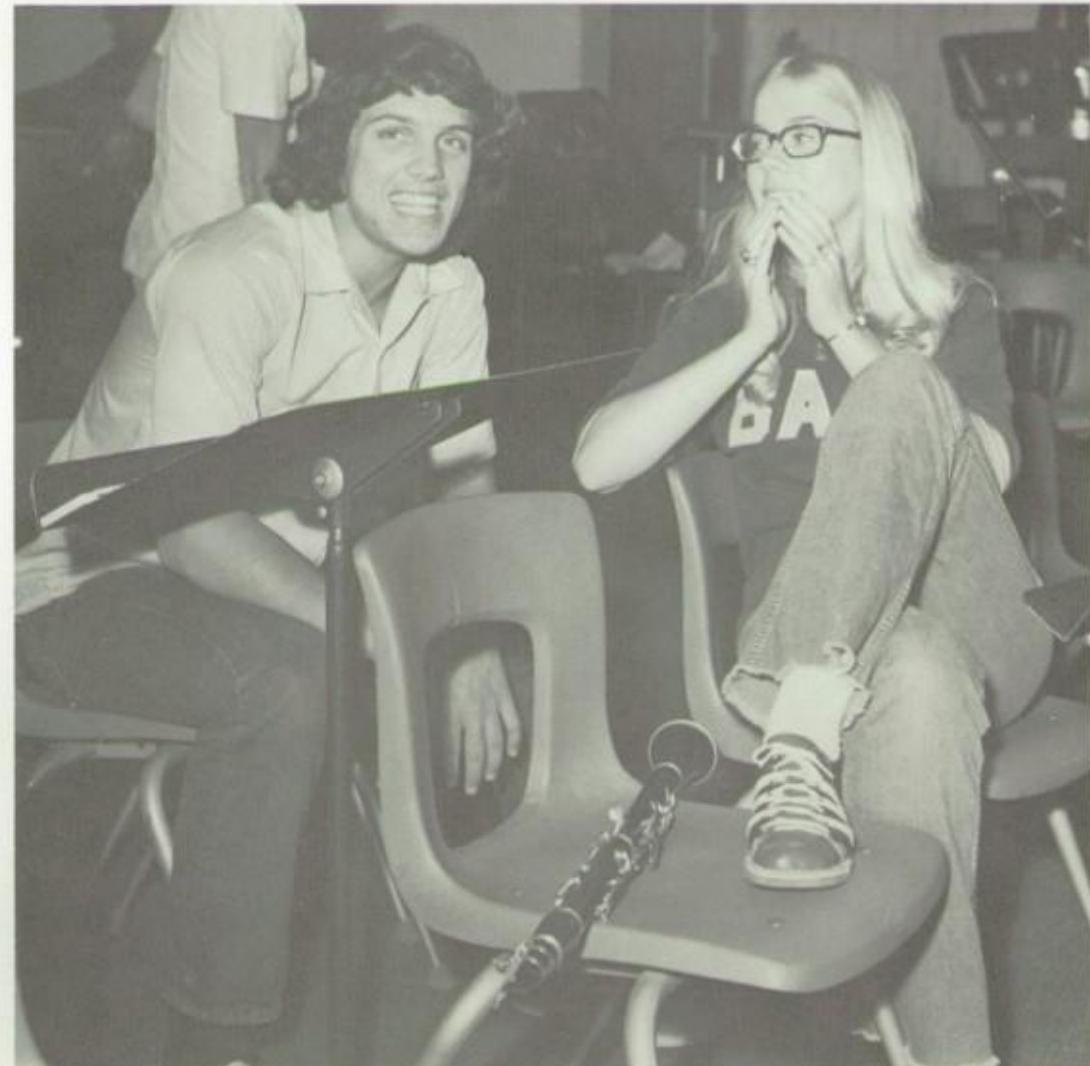

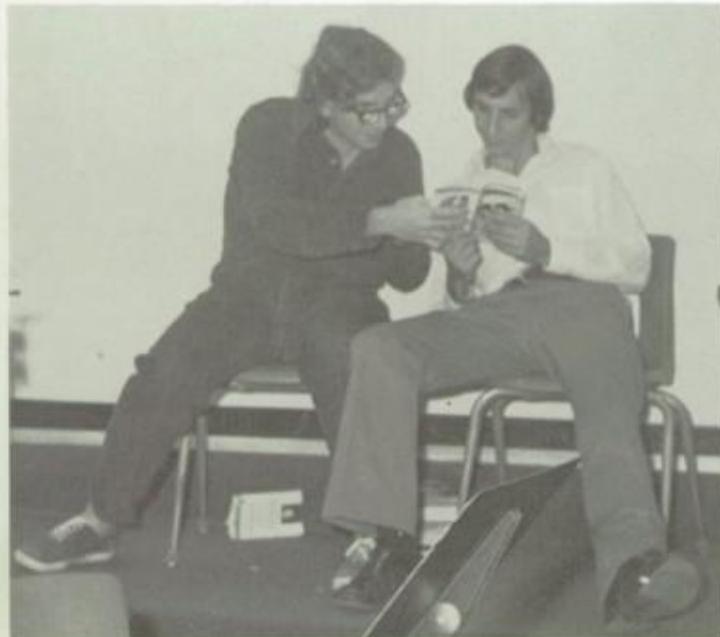

Graduation day is last of all
I'll miss those friends so much
I know they'll prob'ly never call
I know that we'll lose touch.

I know what I must do right now
I'll tell them that I care
I'll show them that I love them now
My love with them I'll share.

I'll always cherish the memories, my friends

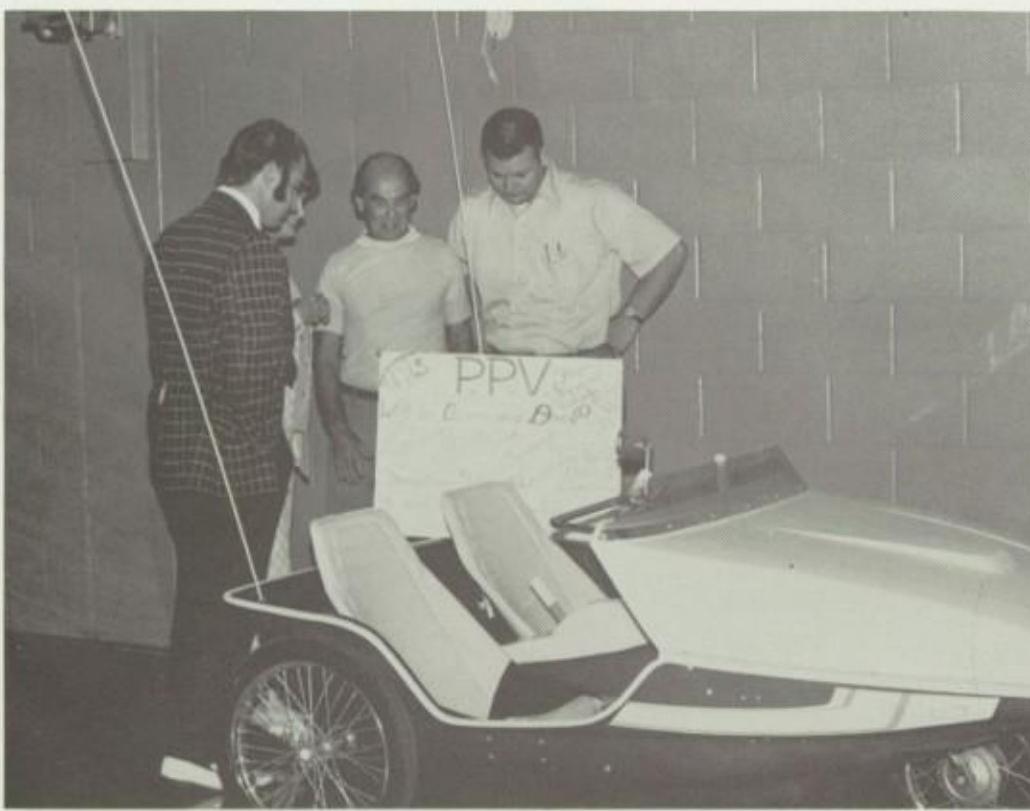

And I'll miss you, but I love you.

Good-bye,
I love you,
Jan Pattison

The Cooperative Business Education Club of Lyman High School is composed of 16 young ladies who are interested in pursuing careers as secretaries. Throughout the year, CBE has had various breakfast outings, participated in homecoming activities, taken part in CECF District IV Competition and several contestants went on to state competition in Miami. This year CBE had an Employer-Employee banquet held at Mid Florida Country Club. Judge Gene Stevenson was the speaker. This year CBE has been a very successful program at Lyman.

D.E.C.A. Gold has been an active club this year in the field of marketing and distribution. We were represented at District, State and National Conventions. The Gold unit was selected by the State Coordinator to be one of the pilot programs in a national contest. Social Intelligence, Vocational Understanding, Civic Consciousness and Leadership Developments are all intricate parts of the character of a D.E.C.A. Gold student. With these tools we hope to be a success in our free enterprise system.

Civic Consciousness —

Through both class and chapter work, the Distributive Education student learns to recognize his obligations to the community in which he lives.

Social Intelligence

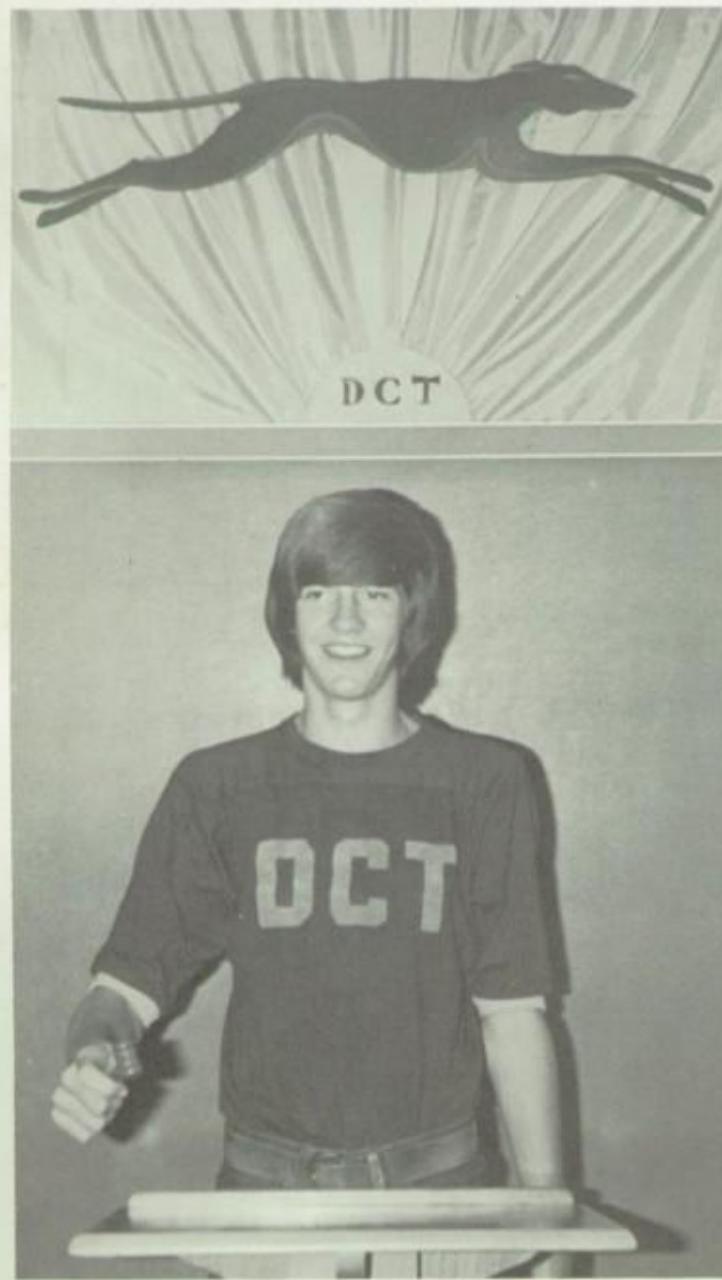

Through social events held during this year, the D.E.C.A. member is given an opportunity to develop poise, and to gain a knowledge of the social graces necessary in our society.

Leadership Development

Through D.E.C.A. activities the DE student is given an opportunity to participate in many activities designed to teach him to be not only a leader but a follower.

D.C.T.

The Diversified Cooperative Training Program in Florida is based upon the belief that students through the cooperative efforts of school business and community will have the opportunity to become contributing citizens in our society. The student will obtain vocational competency and develop interests, abilities and attitudes through coordination of directed study and supervised occupational skill and development.

We the students of Lyman High School's DCT program have fulfilled the requirements of our club to the best of our ability. We have succeeded in the business world during this past school term and hope that all the clubs to follow us will do as well or perhaps even better than we did.

SPANISH CLUB

El Club Español

La finalidad principal del Club Español es aumentar el conocimiento y comprensión entre todos los estudiantes.

Para conseguir esa finalidad los miembros y los simpatizantes se reunen dos veces al mes. En esas reuniones se planean actividades tales como:—comunicarse oralmente y por escrito con gente de habla española, brindar acogida a estudiantes de Sud America y España, asistir a hogares de habla española o visitar restaurantes mexicanos y cubanos en la localidad.

En Florida, donde la huella española dejó su marca desde el tiempo de Ponce de León, la herencia hispana es rica en folk-lore y tradición. Por lo tanto, las semillas sembradas por el Club Español caerán en terreno fértil. Esperamos, con optimismo que, los frutos sean abundantes.

Start something now that can last a lifetime.

Establishing and maintaining a good credit rating can be one of the most important factors in your future. It can mean money when you need it but haven't got it . . . for an emergency . . . a necessity . . . or just something you want.

At ComBanks we know it can be rough starting out in the world . . . there are many decisions to be made and many questions to be answered. We'd like to help answer some of those questions. You have probably wondered how a young person just out of school can establish credit. We think one of the best ways is by borrowing money from a bank and using that money to open a savings account. By conscientiously making your

payments, you'll find that in no time you'll be the proud owner of a good credit rating. When you complete your loan payments you can begin building a real nest egg by putting that same amount in your interest-earning savings account each month.

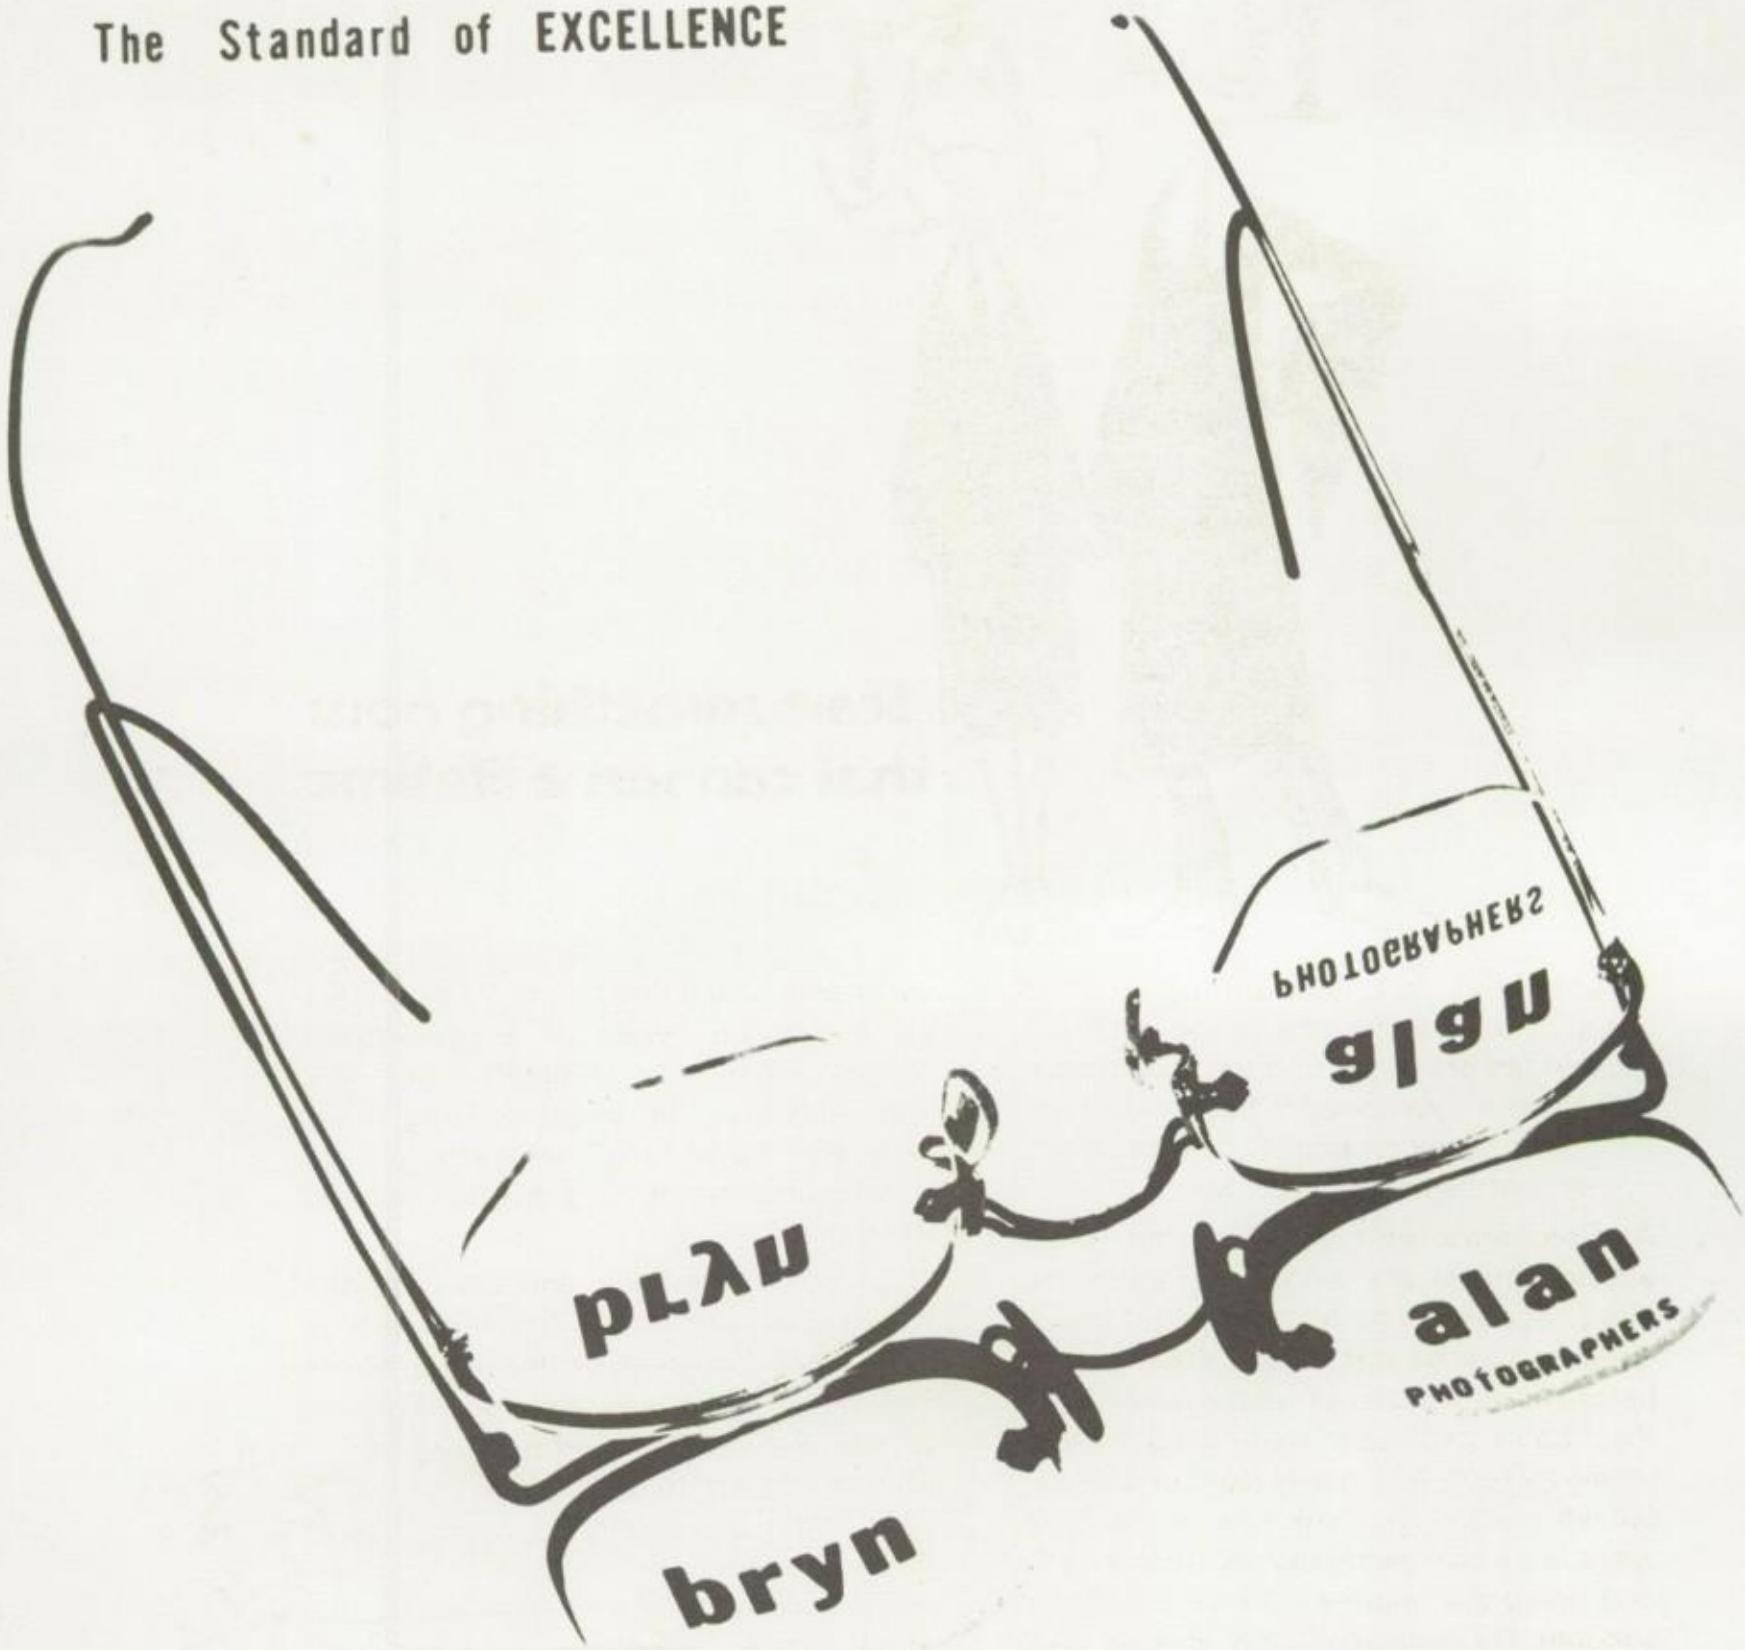

Stop by a ComBank and discuss your future plans and particular needs with us. We'll give you good, professional advice and help in any way we can. We want to see the youth of Central Florida get off to a good start. After all, it only makes sense . . . we're putting stock in our future.

Lots of people have jobs we taught them.

Think of today's Army as the world's largest technical school and you'll realize why we have so many successful alumni.

You see, there are over 300 occupations in today's Army that aren't too unlike corresponding civilian jobs. So when you learn a job with us you have a skill when you get out.

You get to pick that skill, too, before you enlist. And if you're qualified, you'll get the training to

perform it like a professional.

Which means intensive, in-depth, on-the-job training along with classroom instruction.

While you learn you get paid. Starting at **\$326.10** a month before deductions. And with 30 days paid vacation a year, free meals, free housing, free clothing, and free medical and dental care, your take-home pay goes a long way.

If you'd like to know more about job training opportunities in today's Army call or see your local Army Representative. You'll pick up skills that will benefit us now, and yourself later.
